(ii) Conditions in B-1 form, special conditions, specifications, schedules and drawings, common set of deviations issued.

(iii) Various leads and lifts involved in the works and materials of construction.

(iv) His own various quarries for construction materials, their availability and adequacy etc.

**3.6.0 EARNEST MONEY (PERFORMANCE SECURITY)**

All tenderers shall pay entire E.M.D. as specified at Sr. No.4.11.3 of Section-IV. as per mode of payment as specified in Sr. No. 3.11 Note 2 of Section III.

### 3.7.0 ADDITIONAL PERFORMANCE SECURITY DEPOSIT:

PERFORMANCE SECURITY in case of offer below the cost put to tender as per Marathi GR of WRD GR.18.10.2023 If the Contractor quotes his offer below the estimated rate he will have to submit performance security in form of DD or Bank Guarantee/FDR of any Nationalized or Scheduled bank having a branch in the state of Maharashtra.

The amount of performance security will be 1% of the estimated cost for offers quoted from 1.00% to 10% of below estimated cost.

If the offers quoted are below more than 10% of the estimated cost the amount of performance security will be equal to 1% of the estimated cost plus the percentage by which tender offer is more below than 10% of the estimated cost.(e.g. for tender quoted 14% below:- 1% for below from 1.00% to 10% and (14% -10%)=4% for below excess to the 10% thus total 5% of the estimated cost.)

Even If the performance security amount is less than 1000/- Rs. The contractor must deposit a minimum of Rs. 1000/-

If the offers quoted are below more than 15% of the estimated cost the amount of performance security will be equal to  $(6% + (\text{Quoted rate more than } 15\% - 15\%) \times 2\%)$

i.e. offers quoted 19% below -  $(6% + (19\% - 15\%) \times 2\%) = 14\%$

after the financial opening the lowest bidder/L1 must submit the original copy of additional performance security deposit to this office within 8 days. This DD/BG/FDR submission period will not extended for any reason. If the L1 Bidder Failed to submit performance security deposit within the stipulated Time, Then The EMD will be forfeited & The L1 bidder will be disqualified to participate in any water recourses department & corporation tenders process for the next 2 years.

The DD / Bank Guarantee/ FDR should be submitted in favor of Executive Engineer, Medium Project Divisional unit Ambadpal payable at Kudal.The DD/BG/ FDR issued by nationalized or scheduled bank will be accepted only and the MICR and IFSC code of the issuing bank are printed on The DD. The DD should be valid for three months from the date of submission of tender. The Bank Guarantee/FDR shall be valid up to completion period for work after one month. The tender quoted below in rate without submission of DD/ Bank Guarantee/ FDR in original, will not be considered and will be rejected.

The amount / Bank Guarantee of performance security of successful contractor will be refunded after the one (1) months of successful execution of work allowed. In case of rescind of work on account of contractor under clause 3 of condition of contract the whole of the performance security will be forfeited.

Note :- Contractors who submit fake Documents / D.D./Bank Guarantee/ FDR are liable to liable for punishment under information technology Act, 2000 and Indian penal code. and also the Earnest money, Security Deposit and Additional performance security deposit will be forfeited. & the bidder will not be allowed to participate in any Govt. tender process for the next 3 years.

### 3.8.0 REFUND OF EMD

After acceptance of the offer of successful tenderer, the E.M.D. of other tenderer's will normally be refunded.

***In the case of successful tenderer, the earnest money will be refunded after signing of contract documents.***

Earnest money amount shall not carry any interest whatsoever.

### 3.9.0 SECURITY DEPOSIT :

A sum as mentioned at No. 4.11.5 of section IV will have to be deposited. by the successful Contractor at the time of completing the contract documents. OR The earnest money deposited by the contractor with his tender will be retained by the KIDC as part of security deposit if tenderer requests in writing to that effect. The balance to make up this security deposit may, unless otherwise specified in the special conditions, be deposited by the contractor in the form of Demand Draft /Bank Guarantee /FDR. The security deposit will be retained by the KIDC for the due and faithful fulfilment of the contract by the contractor. In addition to the sum as above, sums as Security Deposit will be deducted from running account bills at the rate shown at Memorandum Para (f). The sum of Security Deposit thus deducted from the running account bills, will remain in the form of cash for a period as stated in Clause 20 of B-1 Tender.

### 3.9.1 The Refund Procedure for Performance Security shall be as per WRD GR No.nivida0417/PK-247/MP-1dt.18.10.2023

\* Bidders who are using S.B.MOPS other BANKS INTERNET BANKING are requested to make OnLine Payment Four Days in Advance for tender fee & EMD.

\* Help File regarding use of e-Payment Gateway can be downloaded from e-Tendering portal.

Note: 3

\* The tender is subject to be disqualified if the tenderer has made misleading or false representations in the forms, statements and attachments submitted as proof for the qualification requirements, and/or record of past performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, litigation history or financial failure etc.

### **3.12 COMMERCIAL (C1) ENVELOP NO.2**

The second e-envelope named **COMMERCIAL (C1) Envelop No.2 shall contain only the i) BOQ issued by the department ii) CSD**

### **3.13.0 INSTRUCTIONS TO BE CONSIDERD WHILE QUOTING TENDER OFFER**

#### **Tender Rate :-**

**3.13.1** The tenderer should quote his offer in the form of percentage below or above estimated cost given in Schedule 'B' at appropriate place in B-1 form both in figure and words. The contractor shall quote for the work as per details given in the main tender viz conditions in B-1-form, special conditions of contract, specifications, common set of deviations issued / additional stipulations made by the KIDC which will be available at the e-tendering portal from time to time.

#### **3.13.2 GST:**

- a) The tender cost published in tender is exclusive GST and the rates quoted by the Contractor shall be rates excluding GST, payment of GST will be made by department to the contractor on accepted RA bill amount, separately at the prevailing rate applicable at the time of payment of RA Bill.
- b) Provisional amount of GST @ 2% i.e. 1% CGST+1%SGST will be deducted at Source (TDS) from R.A. Bills.
- c) GST is required to pay by the contractor as per applicable rates and bills/invoices of the paid amount shall be submitted to the dept. The dept. shall reimburse the GST amount at actual. Further any GST related G.R. issued by Govt. of Maharashtra will be applicable in this regard.

#### **3.13.3 CONDITIONAL TENDER :**

Conditional tenders will be summarily rejected. The tenders which do not fulfil any of the conditions of the notified requirements laid down in detailed tender notice, the general rules and directions for the guidance of the tenderers as mentioned in the B-1 form or are incomplete in any respect are likely to be rejected without assigning reasons there for.

#### **3.13.4 QUANTITIES PUT TO TENDER :**

The quantities given in Schedule 'B' for various items are approximate. Some of the items of works put to tender are likely to be executed departmentally, till the contract agency is fixed. Such quantities which would be executed till the fixation of contract will stand deducted from the quantities entered in the Schedule 'B' at the time of signing of contract. The contractor should take cognizance of this fact and no claims will be tenable on account of such reduction in quantity. There may also be variation in quantities on account of change or modifications in design and no claims will be tenable on account of such reduction / increase in quantity. The quantities of items on which the KIDC has carried out the work, as measured on the date of work order shall stand deducted from the quantities stipulated in Schedule 'B' as put to tender by the KIDC for the purpose of application of stipulation of Clause 38 of Conditions of Contract of the tender.

#### **3.13.5 TENDER UNITS :**

The tender has been invited under the Metric System of measurements. The tenderer should particularly note the units mentioned in Schedule 'B' on which rates are to be based.

#### **3.13.6 MODE OF MEASUREMENT :**

The tenderer shall also go through mode of measurements decided for varies items which are given in item wise specifications.

**3.13.7 VALIDITY FOR 60 DAYS :**

The offer shall remain valid for a period of 60 days from the date of submission of tender and thereafter until it is withdrawn by notice in writing by the tenderer, to Executive Engineer and Superintending Engineer. Such notice shall be sent by Registered Post Acknowledgment Due (RPAD). If the acceptance of tender is not communicated within 90 days and if the offer is withdrawn by the contractor earnest money shall be refunded in full.

**3.14.0 METHOD OF OPENING OF TENDERS :**

Following procedure will be adopted for opening of tenders.

**3.15.0 Technical Bid :**

First Technical Bid of **all** the tenderers will be opened Online to verify its contents as per requirements. The tenderer shall meet the requirement of documents . If the various requirements as specified at **Section III, IV & V** are not uploaded or verification of the same do not meet the requirements, a note will be recorded accordingly by the tender opening authority and further evaluation for eligibility will not be done. The decision of tender opening authority is final in this regard.

**3.16.0 Evaluation of Tenders** – Tender opening authority will evaluate the documents in technical bid to verify the eligibility of each bidder. Eligibility of each tenderer will be evaluated according to eligibility criteria laid down in Section-V of tender documents.

**3.17. Opening of Financial Bid**

Tenderers who meet the eligibility Criteria after Technical evaluation will be considered for opening of financial bid. Financial bid of eligible tenderer will be opened preferably in the presence of bidders and their offer will be read.

**3.18.0 ACCEPTANCE OF TENDER :**

Before acceptance the successful tenderer will be called for negotiation by appropriate officers of KIDC. The documents related to such negotiations along with modified offer of the successful bidder if any shall also form the part of contract. Tenderer whose tender is accepted will have to complete the contract signing & Security Deposit payment formalities within 15 days from the date of intimation. In the event of failure of the tenderer to sign the agreement or pay security deposit within the stipulated time, the earnest money including additional Performance Security Deposit if any, paid by tenderer shall be liable to be forfeited. The acceptance of the tender shall also be liable to be considered as withdrawn. In that event the work will be awarded to next or any other contractor to whom the department considers suitable. Tender Acceptance Authority reserves the right to reject any or all tenders without assigning any reasons.

**3.18.1** A substantially responsive Bid is one which conforms to all the terms, conditions, and specifications of the Bidding documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the Works; (b) which limits in any substantial way, inconsistent with the Bidding documents, the Competent rights or the Bidder's obligations under the Contract; or (c) whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.

**3.18.2** If a Bid is not substantially responsive, it will be rejected by the Competent authority, and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.

**3.19 SIGNING OF TENDER DOCUMENTS :**

Successful tenderer will have to sign the contract with Executive Engineer in the form of tender document released on web site. The documents/information submitted by the contractor during tender, common set of deviation, documents related to negotiations shall also form a part of contract.

**3.19.1** The successful tenderer should produce to the satisfaction of the competent authority accepting the tender a valid and current license issued in his favour under the provisions of contract Labour (Regulation and Abolition) Act, 1970 and the Maharashtra Contract Labour (R & A) Rules, 1971, before signing the contract.

**3.19.2** The successful tenderer should produce to the satisfaction of the competent authority accepting the tender a valid and current GST Certificate as required.

**3.20 LANGUAGES**

The languages of communication shall be only English.

**3.21 FORFEITURE OF EMD AND ADDITIONAL PERFORMANCE SECURITY**

Letter of acceptance given to successful tenderers shall stand cancelled and its EMD and additional performance security will be forfeited in following events. Under such circumstances tender acceptance authority may consider next lowest tenderer, if he is found suitable.

- 1) Successful tenders fails to deposit security deposit in stipulated time.
- 2) Successful tenderers fails to sign contract in format released on website.
- 3) The provision contained in GR issued by WRD GR Date - 18.10.2023 are fully eligible for this work and bidder should comply the same while submitting the tender and during execution period of the work.

Contractor

No. of Corrections

Executive Engineer

- 3.22** The tenderer has to submit the Affidavit (*Appendix-1*) on Rs. 100/- Stamp Paper in Envelope no. 1 regarding authenticity of the documents submitted by him. Water Resources Departments officials will not be responsible and **Only Contractor will be responsible** if any paper found false / fraudulent in envelope no. 1, during tender accepting process, while submitting the supporting documents of bill, during defect liability period or during finalization of work. In such case, Action will be taken against Contractor as per the WRD G.R. Date 18.10.2023 and EMD /SD /Additional Performance SD will be forfeited and contractor will be banned for 3 years from participating in departments any tender process.
- 3.23** ~~As per Water Resources Department G.R dated 18.10.2023 (in Marathi) regarding e-tendering process Joint Venture Consortium can participate in the tender process above 25 Crores. It is mandatory to submit Memorandum of Understanding on Rs. 100/ stamp paper in envelope 1. Instruction given in the above G.R. point No. 7.0, 7.1 & 7.2 is applicable for Joint Venture Consortium.~~
- 3.24** Contractor or his representative shall remain present at time and date of opening the tender (envelope 1 and 2). Tenders will be opened in front of bidders which will be present at the time of opening. No complaints or grievances will be entertained later from other bidders, who were absent.
- 3.25** The bidder shall upload the Geo-Tagged photographs taken at site in envelope No.1. If not uploaded bidder will be disqualified.  
As the bidder or his representative has physically visited site before bid submission and verified the complexities of the site for the work, also availability of construction material, labour, access to the site hence bidder will not have right to claim for / against non-availability of material in quarries is not in required quantum and desired quality and also cannot claim against non-availability of labour. Further, bidder cannot claim extra lead charges, if material is to be brought from longer distance.

**SECTION – IV**

**WORK SPECIFIC  
INFORMATION**

**SECTION - IV**  
**WORK SPECIFIC INFORMATION**  
**ANNEXURE - A**

Name of work : Providing, fixing, installation, commissioning of IoT based data transmission system alongwith custmized solutions & smart intelligent reconnaissance system with alternative power backup & smart intelligent interface connectivity etc. complete at Aruna Dam.

**4.0 DESCRIPTION OF THE PROJECT :**

Providing, fixing, installation, commissioning of IoT based data transmission system alongwith custmized solutions & smart intelligent reconnaissance system with alternative power backup & smart intelligent interface connectivity etc. complete at Aruna Dam.

**STATUS OF THE PROJECT :**

Providing, fixing, installation, commissioning of IoT based data transmission system alongwith custmized solutions & smart intelligent reconnaissance system with alternative power backup & smart intelligent interface connectivity etc. complete at Aruna Dam.

**4.1 CLIMATIC CONDITIONS :**

The work site is situated in heavy rainfall zone at elevation ranging from R.L.105m to R.L.115m approximately above main sea level. The rainy season normally commence from about early June and lasts up to about end of October. A few sporadic pre monsoon and post monsoon showers however can not be ruled out and some of these can be quite heavy. The annual average rainfall in the season normally varies from 3500 mm to 4000 mm. The post monsoon is about 10% of monsoon. The river flows normally with high flood between 15th June to 15th September. The high floods normally experienced at the end of July to 1st week of August.

**4.2 SCOPE OF THE WORK :**

The scope of work to be executed under this tender includes.

| Sr.No. | Item   | Unit | Quantity |
|--------|--|------|----------|
| 1      | Supplying & erecting of High definition 4/5 Megapixel IP IR varifocal Bullet Camera with following features Image Sensor : minimum 1/ 2.8" Progressive Scan CMOS, Video Resolution : minimum 2592 x 1520 Video compression : H.264, H.265 or higher, at least Three individually configurable stream, Frame Rate : minimum 25 fps at all resolutions. WDR : minimum 120 dB Wide Dynamic Range, ONVIF profile conformant, minimum IR distance : 50m, Lens Type: 2.8 - 13mm Lens, auto/motorized varifocal focal, Field of View : horizontal FOV 103° to 32°, vertical FOV 73° to 24°, diagonal FOV 142° to 40° Lux sensitivity - minimum 0.2 Lux at color, minimum 0.05 Lux at Black & White, 0.0 Lux (IR) Night Vision Distance Min IR- 50m, Camera minimum Adjustment Angles - Pan : 350°, Tilt : 72°, Rotate : 350°. Power Supply : Support 12VDC & PoE, IP67, IK10 – Vandal Resistant, built in micro SD/SDHC/SDXC card slot of min 128 GB, built in microphone. minimum Input/Output- Audio in × 1, Audio Out × 1, Alarm in× 1, Alarm Out × 1. Image Settings: Rotate mode, saturation, brightness, contrast, sharpness, gain, white balance. Image Enhancements: Day/ Night-Auto (ICR)/Color/Black & White, 3D Digital Noise Reduction, Automatic White | No.  | 3.00     |

| 2 | Supplying & erecting of High definition 4/5 Megapixel IP IR PTZ Camera with following features Image Sensor : minimum 1/2.8" Progressive Scan CMOS Video Resolution: minimum 2880 x 1620 Video Compression : H.264, H.265 or higher, at least Three individually configurable stream, Frame Rate : minimum 30 fps at all resolutions, WDR : minimum 120 dB Wide Dynamic Range, ONVIF profile conformant. Auto Tracking, Pre-set Tour Settings, Pan : 360° endless, Tilt : From -15° to 90° (auto-flip 180°), minimum Pan Speed - from 0.1°/s to 160°/s, minimum Preset Speed: 240°/s, minimum Tilt Speed - from 0.1°/s to 120°/s, minimum Preset Speed : 200°/s, Min Presets- 250, Min IR distance :150m, Lens Type : minimum 4.3 - 12.5mm Lens min 16 x digital zoom, min 30 x optical Zoom. Focus Mode : Auto/Zooming/One Push Manual, Lux sensitivity- minimum 0.2 Lux at color, minimum 0.05 Lux at Black & White, 0.0 Lux (IR) Night Vision Distance Min IR- 150m, Power Supply : support 12/24 VDC, 24 VAC & PoE, IP67/IP66, IK10, built in micro SD/SDHC/SDXC card slot minimum 256 GB, built in microphone. minimum Input/Output : Audio in x 1, Audio Out x 1, Alarm in x 1, Alarm Out x 1. Image Settings : Rotate mode, saturation, brightness, contrast, sharpness, gain, white balance. Image Enhancements : Day/Night-Auto (ICR)/Color/Black & White, 3D Digital Noise Reduction, Automatic White Balance, Automatic Gain Control, Backlight Compensation, Highlight Compensation. Events : Privacy Masking, Motion detection, Scene change detection, Face capture, Video tampering, audio exception detection, Region entrance detection, Region exiting detection. Operating temperature ( -30 to 60° C ) . Security : User account and password protection, HTTPS, IP filter, IEEE 802.1X, digest authentication, user access log, TLS1.2, AES-256, SSH/Telnet closed, FTP disabled. Protocol-DHCP, UDP, HTTP, HTTPS, NTP, DNS, RTP, RTSP, SMTP, SSL/TLS, TCP/IP, Secure Real-Time Transport Protocol (SRTP), Bonjour, SNMP and Secure shell (SSH) supported protocol. RoHS, WEEE, ISO-14001 and REACH compliant, UL/EN OR equivalent & BIS, CE, FCC certified. duly erected in position on wall/ceiling/false ceiling/provided pole (mounting height not more than 5 meter) etc with all accessories etc complete as per specification no CCTV-CAM. | No. | 2.00 |
| 3 | Supplying, installing, testing & commissioning of 32/40 Ch. Network Video Recorder (NVR), suitable connect Min. 32 IP Cameras, up to 5 Megapixel Resolution, with HDMI/VGA outputs, provided HDMI output of 4K resolution or VGA output with output up to 1920 x 1080. Support H.265 or higher, H.264, MJPEG, Incoming Bandwidth 250Mbps with minimum 4 SATA Hard Disks, ANR Technology, 4 SATA interfaces for 4 HDDs and capacity of each HDD up to 8TB, minimum 02 USB port, Alarm I/O 16/4, RJ-45 10/100/ 1000 Mbps selfadaptive Ethernet interface, ONVIF conformance, Multiple network monitoring: Web viewer . support protocol TCP/IP, DHCP, DNS, DDNS, NTP, SADP, SMTP, NFS, iSCSI, UPnP™, HTTPS. RoHS, & BIS, CE, FCC certified. duly erected in provided U Rack with wiring connections, tagging, and programming etc. complete as per specification no. CCTV-NVR  | No. | 1.00 |
| 4 | Supplying & erecting 1TB internal Surveillance HDD suitable for SATA Port of NVR, interface transfer rate 6GB/S, maximum sustained transfer rate 110MB/Sec to  | TB  | 4.00 |

5.0 As per Govt. Resolution निविदा/0417/प्र.क्र.247/17मोप्र-1

**5.3.1 MAXIMUM ANNUAL TURNOVER:****N.A.****5.3.2 GENERAL EXPERIENCE –****N.A.****5.3.4 BID CAPACITY**

The required bid capacity for this work is Rs. Lakh

Which shall be calculated as below. In order to assess the experience and capability of contractor for execution of the work under consideration. The applicant bidder, as a prime contractor should satisfy the minimum eligibility criteria of

Bid capacity= Rs. Lakh

The formula for evaluation of Bid Capacity is

Contractor

No. of Corrections

Executive Engineer

## KONKAN IRRIGATION DEVELOPMENT CORPORATION

BID CAPACITY = (A x N x 2) - B

Where,

A = Maximum value of Civil Engineering works executed in any one financial year during the period of last five years ( updated to the price level, of 2023-2024) which will take into account the completed and ongoing works.

The maximum Value of Civil Engineering works (A) executed in a year shall be minimum of following :

1. Ascertained from the certificates from Executive Engineer of Government and Semi-Government organizations. The information is to be submitted in proforma 2(c) as enclosed in Section-v for completed and ongoing works. Information given in any other format than prescribed shall not be taken into account for calculating Value of "A".

No. of Corrections

Engineer

2. Ascertained from total contract amount received in a year as stated in Sr. No. 5(C) in Income Tax Clearance Certificate and in absence of this contractor shall submit balance sheet of Last 5 Years duly certified by the Chartered Accountant.

The submission of information in (1) and (2) above is obligatory. In case of no-submission of any one or both, it shall be concluded that contractor does not have adequate Bid Capacity and shall not be considered for post Qualification.

B = Value of existing commitments and ongoing works (updated to the price level, of the year in which the tenders are opened) to be completed in the period stipulated for completion of work of the present tender. (All certificates should be issued by the Engineer-in-charge in the given proforma Section- V not below the rank of Executive Engineer of the concerned Department).  
The bidder shall submit accurate and complete list & value of balance work in hand . Also after submission of present tender bidder shall be required to inform about any new work / tender accepted to him after submission of present tender prior to acceptance of the present tender. Otherwise Bidder will be liable for action as per rules, AFFIDAVIT & UNDERTAKINGS provided in tender document.

The Value of B shall be ascertained from the certificate as SELF EVALUATION SHEET, PROFORMA No. 2(b), 2(c) ,4/2 and 4/4 (provided in Section- V & to be prepared by the bidder)  
It is binding on the bidder to submit the exact balance cost of the works in hand, otherwise he will be disqualified to participate any tender of WRD for 3 years.

N = Number of years prescribed for completion of the civil work for which the bids are invited (N=0.5)

Contractor

No. of Corrections

Executive Engineer

**5.3.5 LIST OF MINIMUM MACHINERY REQUIRED FOR THIS WORK:**

| Sr. No. | Name of Equipment | No. of Units | Capacity         |

PROFRORMA - 4/3

Calculation of Bid capacity of the Bidder

This format calculate the Bid capacity of the Bidder based on information submitted by the bidder  
Where N = Period for completion of work.

(Bidders Self declaration regarding Bid Capacity)

Bid Capacity = ( A x N x 2 - B )

|       |   | [3] | [4] etc. |
|-------|---|-----|----------|
| 1) A= | Maximum value of civil Engineering works executed in any one year during the period of last five years taking into account the completed as well as works in progress. The maximum Value of Civil Engineering works (A) executed in a year shall be minimum of following :<br>i) Ascertained form the certificates given by Executive Engineer from Government and Semi-Government . organization. The information is to be submitted in proforma 2(c) as enclosed in Section-V for completed and ongoing works. Information given in any other format than prescribed shall not be taken into account for calculating value of "A"<br>ii) Ascertained from total contract amount received in a year as stated in Sr.No. 5(C) in Income Tax Clearance Certificate and in absence of this contractor shall submit balance sheet of Last 5 Years duly certified by the Chartered Accountant.<br>The submission of information in (i) and (ii) above is obligatory. In case of non-submission of any one or both, it shall be concluded that contractor does not have adequate Bid capacity and shall not be considered for Post Qualification.. | (A) |          |
| 2     | N= Number of years prescribed for completion of the works for which bid is invited  | (N) |          |
| 3     | B = Value of existing commitments and on- going works to be completed during the period of Completion of the works for which bids are invited.  | (B) |          |
| 4     | Bid Capacity  |     |          |

**SECTION- VI**

**B-1 TENDER FORM**

**1 TENDER FORM**

**PERCENTAGE RATE TENDER & CONTRACT FOR WORKS**

**KONKAN IRRIGATION DEVELOPMENT CORPORATION, THANE  
CHIEF ENGINEER, WATER RESOURCES DEPARTMENT  
KONKAN REGION, MUMBAI.**

**CIRCLE** : South Konkan Irrigation Project Circle,  
Sindhudurgnagari -Oros.  
**DIVISION** : Medium Irrigation Project Divisional Unit,  
Ambadpal- Kudal

General Rules and Directions for the Guidance of Contractors.

1. All works proposed to be executed by contract shall be notified in a form of invitation to tender pasted on a board hung up in the office of the Executive Engineer and signed by the Executive Engineer.

This form will state the work to be carried out as well as the date for submitting and opening tenders and the time allowed for carrying out the work, also the amount of the earnest money and additional earnest money if required to be deposited with the tender, and the amount of the security deposit and additional security deposit if required to be deposited by the successful tenderer and the percentage if any, to be deducted from bills. Copies of the specifications, designs and drawings estimated rates, scheduled rates and any other documents required in connection with the work shall be signed by the Executive Engineer of the purpose of identification and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours. Where the works are proposed to be executed according to the specifications recommended by a contractor and approved by a competent authority on behalf of the Corporation such specifications with designs and drawings shall form part of the accepted tender.

2. In the event of the tender being submitted by a firm, it must be signed by each partner thereof, and in the event of the absence of any partner, it shall be signed on his behalf by a person holding a power of attorney authorizing him to do so.
  - (i). The contractor shall pay along with the tender the sum as stipulated in Annexure 'A' to Section IV as and by way of earnest money.
  - (ii) If, after submitting the tender, the contractor withdraws his offer, or modifies the same, or if after the acceptance of his tender the contractor fails or neglects to furnish the balance of security deposit without prejudice to many other rights and powers of the Corporation hereunder or in law, Corporation shall be entitled to forfeit the full amount of the earnest money and additional earnest money deposited by him.
  - (iii) In the event of his tender not being accepted, the amount of earnest money deposited by contractor shall, unless it is prior thereto forfeited under the provision of sub-clause (ii) above be refunded to him on his passing receipt therefore.

3. Receipts for payments made on account of any work, when executed by a firm, should a be signed by all the partners except where the contractors are described in their tender firm, in which case the receipt shall be signed in the name of the firm by one of the partners or by some other person having authority to

Contractor

No. of Corrections

Executive Engineer

give effectual receipts of the firm.

4. Any person who submits a tender shall fill up usual printed form stating at what percentage above or below the rates specified in schedule B (memorandum showing items of work to be carried out) he is willing to undertake the work. Only one rate or such percentage on all the estimated rates /schedule rates shall be named. Tenders which propose any alteration in works specified in the said time allowed for carrying out the work or which contain any other conditions of any sort will be liable to rejection. No printed forms of tender shall include a tender for more than one work, but if contractor who wish to tender two or more works, they shall submit a separate tender for each. Tenders shall have the name and number of the work to which they refer, written outside the envelope.

1. The Officer indicated in Annexure 'A' to Section IV - or his duly authorized assistant shall open tender in the presence of contractors who have submitted tenders or their representatives who may be present at the time and he will enter the amounts of the several tenders in the comparative statement in a suitable form. In the event of tender being accepted, the contractor shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In event of tender being rejected the competent officer shall refund the amount of the earnest money deposited by the contractor, on his giving a receipt for the return of money.
2. The officer competent to dispose of the tenders shall have the right of rejecting all or any of the tenders.
3. No receipt for any payment alleged to have been made by a contractor in regard to any matter relating to this tender or the contract shall be valid and binding on Corporation unless it is signed by the Executive Engineer.
4. No materials of any type except that shown in schedule 'A' of the contract shall be supplied by the Corporation. All the work shall be executed by the tenderer with contractor's own materials(s). The memorandum of work to be tendered for shall be filled in and completed by the office of the Executive Engineer before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed he shall request the said office to have this done before he completes and delivers his tender.
9. All work shall be measured net by standard measure and according to the rules and customs of the Corporation and without reference to any local custom.
10. Under no circumstances shall any contractor be entitled to claim enhanced rates for items in this contract.
11. The measurements of work shall be recorded by Engineer of the Corporation as per the provisions in the MPW Manual & MPW Account Code.
12. **In view of the difficult position regarding the availability of foreign exchange, no foreign exchange will be released by the Corporation for the purchase of plant and machinery required for the execution of the work contracted for.**
13. **The Contractor will have to construct shed<sup>72</sup> for storing controlled and valuable materials at work site, having double locking arrangement. The materials will be taken for the use in the presence of the Corporation's person. No materials will be allowed to be removed from the site of works without prior permission of Engineer-in-charge**

14. **Successful tenderers will have to produce to the satisfaction of the accepting authority a valid and current Licence issued in his favour under the provision of Contract Labour (Regulation and Abolition Act 1970) before starting works failing which acceptance of the tender will be liable for withdrawal and earnest money will be forfeited to Corporation. The Contractor shall also submit certified copy of registration under ESIS on PF Act before payment of the R.A. Bill made.**

# B-1 TENDER FORM

## PERCENTAGE RATE TENDER & CONTRACT FOR WORKS

**CONDITIONS OF  
CONTRACT**

Contractor

No. of Corrections

Executive Engineer

**CONDITIONS OF CONTRACT****CLAUSE 1 –****(A) Security Deposit:-**

(A) Security Deposit  
PWD. Resolution No.  
CAT/1087/ CR-  
94/Bldg.2,dt.14-6-89

The person / persons whose Tender may be accepted (herein after called the contractor, which expression shall unless excluded by or repugnant to the context include his heirs, executors, administrators, and assigns) shall (A) within 10 days (which may be extended by the Superintending Engineer concerned up to 15 days if the Superintending Engineer thinks fit to do so) of the receipt by him of the Notification of the acceptance of his tender, deposit with the Executive Engineer in the form of Demand Draft or Irrevocable Bank Guarantee of Nationalised / Scheduled Bank situated in the State of Maharashtra endorsed in favour of the Executive Engineer Medium Project Divisional Unit, Ambadpal-Kudala sum sufficient which will make up the initial security deposit specified in the Tender Form at para (d)(i) of memorandum. It shall be lawful for the Corporation at the time of making any payment to the contractor for work done under contract to make up the full amount of Security Deposit as specified in memorandum at para (d)(ii) by deducting a sufficient sum at the rates specified at (F) of memorandum from every such payment as last aforesaid until the full amount of Security Deposit is made up. All compensation or other sums of money payable by the contractor to Corporation under the terms of his contract may be deducted from or paid by the sale of sufficient part of his security deposit or from the interest arising there from, or from any sums which may be due or may become due by Corporation to the contractor under any other contract or transaction of any nature on any account whatsoever, and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid, the contractor shall, within ten days thereafter, make good in Demand Draft or Government securities endorsed as aforesaid any sum or

sums which may have been deducted from or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in Demand Draft may, at the cost of the depositor, be converted, into interest bearing securities from any Nationalized or Scheduled bank's branch situated in the State of Maharashtra provided that the depositor has expressly desired

this in writing. The security deposit will Not be accepted in the form of insurance company's bonds as per Govt. orders contained CCM/PWD/CAT-4250-S dated 27-12-1956

**(B) Additional Performance Security Deposit :-**

(B) Additional  
Performance Security  
Deposit (As per WRD  
GR dated 30.11.2018  
& 23.06.2020)

After opening of financial bid if the lowest bid is below tendered cost then the bidder offering lowest rates (L-1) shall submit additional Performance security Deposit as mentioned below within eight days from the date of opening of financial bid.

If the Contractor quotes his offer below the estimated rate he will have to submit performance security in form of DD or Bank Guarantee of any Nationalized or Scheduled bank .

The amount of performance security will be 1% of the estimated cost for offers quoted from 0.00% to 10% of below estimated cost.

If the offers quoted are below more than 10% of the estimated cost the amount of performance security will be equal to 1% of the estimated cost plus the percentage by which tender offer is more below than 10% of the estimated cost.(e.g. for tender quoted 14% below:- 1% for below from 0% to 10% and (14% -10%)=4% for below excess to the 10% thus total 5% of the estimated cost.)

Even If the performance security amount is less than 1000/- Rs. The contractor must deposit a minimum of Rs. 1000/-

If the offers quoted are below more than 15% of the estimated cost the amount of performance security will be equal to (6%+(Quoted rate more than 15%-15%)x2%)

i.e. offers quoted 19% below - (6%+(19%-15%)x2%) = 14%

After the financial opening the lowest bidder/L1 must submit the original copy of additional performance security deposit to this office within 2 working days. This DD submission period will not be extended for any reason. If the L1 Bidder Failed to submit performance security deposit within the stipulated Time, Then The EMD will be forfeited & The L1 bidder will not be allowed to participate in any water recourses department & corporation tenders process for the next 2 years.

The DD / Bank Guarantee should be submitted in favour of Executive Engineer, Medium Project Divisional Unit, Ambadpal-Kudal payable at Kudal. The DD/ Bank Guarantee issued by nationalized or scheduled bank will be accepted only and the MICR and IFSC code of the issuing bank are printed on The DD. The DD should be valid for three months from the date of submission of tender. The Bank Guarantee shall be valid up to Defect liability period for work after one month. The tender quoted below in rate without submission of DD/ Bank Guarantee in original, will not be considered and will be rejected.

The amount / Bank Guarantee of performance security of successful contractor will be refunded after the three (3) months of successful execution of work allowed. In case of rescind of work on account of contractor under clause 3 of condition of contract the whole of the performance security will be forfeited.

Additional Performance Security deposit should be form of DD/Bank guarantee of any Scheduled /Govt. bank and in the name of Executive Engineer and its validity should be upto one month after completion of defect liability period.

**Note :-** Contractors who submit fake Documents / D.D./Bank Guarantee are liable to be liable for punishment under information technology Act, 2000 and Indian penal code. and also the Earnest money, Security Deposit and Additional performance security deposit will be forfeited. & the bidder will not be allowed to participate in any Govt. tender process for the next 2 years.

**(C) Security deposit on account of additional work as per provision of clause 14, 38 and extra items:-**

During the course of execution of work if the amount of work is increased as per the provision of clause 14, 38 and due to extra items then additional security deposit will be deducted from the bills as provided in memorandum at e(iii).

**CLAUSE 2 –**

*Compensation  
delay* for

The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with, with all due diligence (time being deemed to be the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one percent or such smaller amount as the Superintending Engineer (whose decision in writing shall be final) may decide of amount of the estimated cost of the whole work as shown by Bidder for every day that the work remains uncommenced or unfinished after the proper dates. And further to ensure good progress during execution of the work, the contractor shall be bound, in all cases in which the time allowed for any work exceeds one month to complete.

The programme for completion of work is attached herewith. The contractor is supposed to carry out the work and keep the progress as per programme attached herewith. The contractor should complete the work as per phase period given in Monthwise programme.

1/4th of work in ----- 1/3 th of the time

1/2 of work in ----- 1/2 th of the time

3/4th of work in ----- 3/4 th of the time

**Full work to be completed in 6 calendar months including monsoon.**

In the event of the contractor failing to comply with this conditions he shall be liable to pay as compensation an amount equal to one percent or such smaller amount as the Superintending Engineer (whose decision in writing shall be final) may decide of the said estimated cost of the whole work for every day that the due quantity of work remains incomplete provided always that the total amount of compensation to be paid under the provisions of this clause shall Not exceed 10 per cent of the estimated cost of the work as shown in the tender.

Superintending Engineer should be the final authority in this respect, irrespective of the fact that the tender is accepted by Chief Engineer / Superintending Engineer / Executive Engineer or Sub Divisional Engineer / Deputy Engineer.

**CLAUSE 3 –**

*Action when whole of Security deposit is forfeited*

In any case in which under any clause of this contract the contractor shall have rendered himself liable to pay compensation amounting to the whole of security deposit whether paid in one sum or deducted by installments or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause the Executive Engineer, on behalf of the Governor of Maharashtra, shall have power to adopt any of the following courses, as he may deem best suited to the interest of Government.

**(a)** To rescind the contract (for which rescission Notice in writing to the contractor under the head of Executive Engineer shall be conclusive evidence) and in that case the security deposit of the contractor shall stand forfeited and be absolutely at the disposal of Government.

**(b)** To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work- charged establishment employed for getting the un-executed part of the work completed and crediting him with the value of the work done departmentally in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.

**(c)** To order that the work of the contractor be measured up and to take such part thereof as shall be unexecuted out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it

had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor, In case the contract shall be rescinded under clause (a) above, the contractor shall Not be entitled to recover or be paid, any sum for any work therefore actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of the such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the courses referred to in clause (b) or (c) being adopted and the cost of the work executed departmentally or through a new contractor and other allied expenses exceeding the. value of such work credited to the contractors the amount

of excess shall be deducted from any money due to the contractor, by Government under the contract or otherwise howsoever or from his security deposit or the sale proceeds thereof provided, however, that contractor shall have No claim against Government even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clause (a), (b) or (c) being adopted and the cost of the work executed exceeding the value of such work credited to the contractors the amount by Government under the. contract or otherwise howsoever or from his security deposit or the sale proceeds thereof provided, however, that contractor shall have No claim against Government even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clause (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have No claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials, or entered into any engagements, or made any advance on account of or with a view to the execution of the work or the performance of the contract.

#### **CLAUSE 4-**

*Action when the Progress of particular portion of the work is unsatisfact*

If the progress of any particular portion of the work is satisfactory, the Executive Engineer shall Notwithstanding that the general progress of the work is in accordance with the conditions mentioned in clause 2, be entitled to take action as under after giving the contractor 10 days' Notice in writing. The Engineer-in-charge will have to order that the work of the contractor be measured up and to take such part thereof as shall be unexecuted out of his hands, and to give it to another contractor to complete, in that case all expenses incurred to advertisements for fixing a new contracting agency, additional supervisory staff including the cost of work charged

establishment and  
the cost of the  
work executed by  
the new

contract agency will be debited to the contractor and the value of the work done or executed through the new contractor (including escalation due) shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor. In case the cost of the work executed through a new contractor and other allied expenses exceeding the value of such work credited to the contractors, the amount of excess shall be deducted from any money due to the contractor by Government or Corporation under the contract or otherwise howsoever or from his security deposit and Additional

security deposit or the sale proceeds thereof provided, however, that the contractor shall have No claim against Corporation even if the certified value of the work done through a new contractor exceeds the certified cost of such work and allied expenses. The contractor shall have No claims to compensation for any loss sustained by him by reason of his having purchased, or procured any materials, or entered into any engagements, or made any advances on account of or with a view to the execution of the work or the performance of the contract by reason of his having purchased, or procured any materials, or entered into any engagements, or made any advances on account of or with a view to the execution of the work or the performance of the contract. The contractor of the whole work shall Not be considered eligible to tender for the execution of work so withdrawn from this contract. The contractor will have No claim for compensation, for any loss sustained by him owing to such action.

#### **CLAUSE 5 –**

*Contractor remains liable to pay compensate on if action Not taken under clauses 3 and 4*

In any case in which any of the powers conferred upon the Executive Engineer by clause 3 and 4 hereof shall have become exercisable and the same shall Not have been exercised the Non-exercise thereof shall Not constitute a waving of any of the conditions hereof and such powers shall Not withstanding be exercisable in the event of any future case of default by the contractor for which under any clauses hereof he is declared liable to pay compensation amounting to the whole of his security deposit and additional security deposit and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Executive Engineer taking action under clause- 3, he may, if he so desires, take possession of all / any tools, plant, materials and stores in or upon the work or the site thereof or belonging to the contractor or procured by him and intended to be used for the execution of the work or any part thereof paying or allowing for the same in account at the contract rates or in the case of contract, rates Not being applicable at current market rates to be certified by the Executive Engineer whose certificate thereof shall be final. In the alternative the Executive Engineer may, after giving Notice in writing to the

*Power to take possession of or require removal of or sale contractor's plant*

contractor or his clerk of the work foreman or other authorized agent require him to remove such tools, plant, materials or stores from the premises within a time to be specified in such Notice and in the event of the contractor failing to comply with any such requisition, the Executive Engineer may remove them at the contractor's expense or sale them by auction or private sale on account of the contractor and at his risk in all respects and the certificate of the Executive Engineer as to the expense of any such removal and the amount of the proceeds and expense of any such sale shall be final and conclusive against the contractor.

**CLAUSE 6 –**

*Extension of time*

If the Contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution or on any other ground he shall apply in writing to the Executive Engineer before the expiration of the period stipulated in tender or before the expiration of 30 days from the date on which he was hindered as aforesaid or on which the cause for asking for extension occurred, whichever is earlier and the Executive Engineer may, with prior approval of the officer accepting the tender, if in his opinion, there are reasonable grounds for granting an extension, grant such extension as he thinks necessary or proper. The decision of the Authority accepting the tender in this matter shall be final.

**CLAUSE 7 –**

*Completion Certificate*

On the completion of the work within a period of 30 days the contractor shall be furnished with a certificate by the Executive Engineer of such completion; but No such certificate shall be given or shall the work be considered to be complete until the contractor shall have removed from the premises on which the work shall have been executed all scaffolding, surplus materials and rubbish, and shall have cleaned off the dirt from all wood work, doors, windows, walls, floor or other parts of any building in or upon which the work, has been executed or of which he may have had possession for the purpose of executing the work or until the work have been measured by the Engineer-in-charge or where the measurement have been taken by his subordinates until they have received approval of the Engineer-in-charge, the said measurements being binding and conclusive against the contractor. If the contractor shall fail to comply with the requirements of this clause as to the removal of scaffolding, surplus material and rubbish and cleaning of dirt on or before the date fixed for the completion of the work the Engineer-in-charge may at the expense of the contractor, remove such scaffolding surplus material and rubbish and dispose off the same as he thinks fit and clean off such dirt as aforesaid and the contractor shall forthwith pay such amount of all expenses so incurred but shall have No claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof.

**CLAUSE 8 –**

*Payment on intermediate certificate to be regarded as advances*

No payment shall be made for any work estimated to cost less than rupees ten thousand till after the whole of work shall have been completed and a certificate of completion given. But in the case of works estimated to cost more than rupees ten thousand the contractor shall on submitting a monthly bill therefore be entitled to receive payment proportionate to the part of the work then approved and passed by the Engineer-in-charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payments only and Not as payments for work actually done and completed and shall Not preclude the Engineer- in-charge from requiring any bad, unsound, imperfect or unskillful work to be removed or taken away and reconstructed or re-erected Nor shall any such payment be considered as an admission of the due performance of the contract or any part thereof in any respect or the occurring of any claim Nor shall it conclude, determine or effect in any other way the powers of the Engineer-in-charge as to the final settlement and adjustment of the accounts or otherwise or in any other way vary or affect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for the completion of the work, otherwise the Engineer in-charge's certificate of the measurements and of the total amount payable for the work shall be final and binding on all parties.

**CLAUSE 9 –**

*Payment at reduced rates on account of items of work Not accepted as completed, to be at the discretion of the Engineer-incharge*

The rates for several items of work estimated to cost more than Rs.1,000/- agreed to within, shall be valid only when the item concerned is accepted as having been completed fully in accordance with the sanctioned specifications. In case where the items of work are Not accepted as so completed, the Engineer-in-charge may make payment on account of such items at such reduced rates as he may consider reasonable in the preparation of final or on Running Account bill.

**CLAUSE 10 –**

*Bill to be submitted monthly*

**(A)** Before starting of work all the initial ground levels/ foundation levels shall be taken by the authorized Engineer of the Corporation in presence of the contractor or his authorized engineer and same shall be signed by the contractor in token of his acceptance. A computerized L-Section, Cross Sections and Plan showing levels should be prepared by contractor and submitted to Executive Engineer based on above measurements without which work will Not be started. Contractor shall employ a qualified Engineer as his authorized representative to be present while taking measurements by authorized Engineer of the Corporation. Bill to be submitted monthly. Running Account bill shall be submitted by the contractor in each month on or before 10th day for all work executed in the previous month on the basis of measurements taken by him or his authorized engineer. The measurements for payments of Running Account Bills shall

Contractor

No. of Corrections

Executive Engineer

be taken by the authorized Engineer of the Corporation in the presence of the contractor or his authorized engineer and shall be recorded in Measurement Book of the Corporation within 10 days after submission of bill by contractor. Based on the above measurements by the contractor shall have to submit his Running Account Bills in the bill format given by the Corporation. If the contractor does Not submit the bill within the time fixed as aforesaid, the Engineer-in-charge with a prior Notice of 7 days to the contractor may depute a subordinate to measure the said work in presence of the contractor or his duly authorized agent whose counter signature to / on the measurements shall be sufficient warrant and Engineer-in-charge may prepare a bill from such measurements which shall be binding on the contractor in all respects. If the contractor or his representative doesn't remain present on the date specified for taking measurements as specified above, then the Engineer-in-charge shall order that the measurements be taken in absence on any day after 10 days and in this eventuality the bill prepared by the Executive Engineer shall be binding on the contractor in all respects. As far as possible the payment of the bills will be made monthly to the extent of availability of funds for the work under this contract.

**(B)** The Running and final bill shall be submitted by the contractor within one month of issue of the completion certificate pursuant to Clause 7 of this contract. The Final bill shall be paid within 6 months of initial submission subject to the extent of availability of funds for the work under this contract. The procedure enumerated above for the Running account bills shall be applicable to the Running and final bill also.

*Bill to be on printed forms.*

**CLAUSE 11-**

The contractor shall submit all bills on the printed forms in the format approved by the Engineer-in-charge. The charges to be made in the bills shall always be entered at the rates specified in the tender. In the case of any extra work ordered in pursuance of these conditions, and Not mentioned or provided for in the tender at the rates hereinafter provided for such work.

*Stores supplied by Corporation*

**CLAUSE 12 -**

If the specification or estimate of the work provides for the use of any special description of material to be supplied from the store of the Corporation or if it is required that the contractor shall use certain stores to be provided by the Engineer-in-charge (Such material and stores and the prices to be charged therefore as hereinafter mentioned being so far as practicable for a convenience of the contractor but Not so as any way to control the meaning or effect of this contract specified in the schedule or memorandum hereto annexed) the contractor shall be supplied with such material

**DELETED**

required from time to time to be used by the contractor, and value of the full quantity of the materials and stores so supplied shall be set off or deducted from any sums then due, or thereafter to become due to the contractor under the contract, or otherwise No. of Corrections For the purpose of sale

Contractor

Contractor

No. of Corrections

Executive Engineer

thereof if the security deposit is held in Corporation Securities, the same or sufficient portion thereof shall in that case be sold for the purpose. All materials supplied to the contractor shall remain the absolute property of Corporation and shall on No account be removed from the site of the work, and shall at all times be open for inspection by the Engineer-in-charge. Any such materials unused and in perfectly good condition at the time of completion or termination of the contract shall be returned to the Corporation store if the Engineer-in-charge so requires by a Notice in writing given under his hand but the contractor shall Not be entitled to return any such materials except with consent of the Engineerin- charge and he shall have No claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for any wastage in or damage to any such materials

**CLAUSE 12 A -**

All stores of controlled materials supplied to the contractor by Corporation should be DELETED by contractor under lock and key and will be accessible by Executive Engineer or his authorized agent at all the times.

**CLAUSE 13-**

*Works to be executed in accordance with specifications drawings, orders etc.*

*The contractor shall execute the whole and every part of the work in the most substantial and workman like manner, and both as regards materials and every other respect in strictly in contractor shall be entitled to have access for the purpose of inspection at such office, or on the site of the work during office hours. The contractor will be entitled to receive three sets of contract drawings and working drawings as well as one certified copy of the accepted tender along with the work order free of cost. Further copies of the contract drawings and working drawings if required by him shall be supplied at the rate of Rs.5,000/- per set of contract drawings and Rs.300/- per working drawing except where otherwise specified*

Alterations in specifications and designs not to invalidate contracts.

**CLAUSE 14-**

The Engineer in charge shall have power to make any alterations in or additions to the original specifications, drawings, designs and instructions that may appear to be necessary or advisable during the progress of the work and the contractor shall be found to carry out the work in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alternations shall not invalidate. The contract and any additional work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects on which he agreed to do the main work and the same rates as are specified in the tender for the main work.

And if the additional and altered work included any class of work for which no rate is specified in this contract then such a class of

work shall be  
carried out at the  
rates entered in the  
schedule of

rates of the division or the rates may mutually agreed upon between Engineer-In-charge and the contractor whichever are lower. If the additional or altered work for which no rate is entered in schedule of rates of the division is ordered to be carried out before the rates are agreed upon then the contractor shall within 7 days of the date of receipt by him of the order to carry out the work, inform the Engineer in charge of the rate which it is his intention to charge for such class of work. And if the Engineer-in-charge does not agree to this rate he shall be notified in writing be at liberty to cancel his order to carry out such a class of work and arrange to carry out in such a manner as he may consider advisable provided always that if the contract shall commence work or incur any expenditure in any regard thereof before the rates shall have been determined as lastly hereinbefore mentioned then in such case he shall only be entitled to be paid in respect of the work carried out or expenditure incurred by him prior to the date of the determination of the rate as aforesaid according such rate of rates as shall be fixed by the Engineer-In charge in the event of the dispute, the decision of the superintending Engineer of the circle will be final.

Where however the work is to be executed according to the designs, drawings and specifications recommended by the contractor and accepted by the competent authority the alternations above referred to shall be within the scope of such designs, drawings and specifications appended to the tender.

The time limit for completion of the work shall be extended in the proportion that increase in its cost occasioned by alternations or additions bears to the cost of the original contract work, and the certificate of the Engineer-In-charge as to such proportion shall be conclusive.

#### **CLAUSE 15-**

*No claim to any payment or compensation alteration in or restriction of work.*

1) If at any time after the execution of the contract Documents the Engineer shall for any reason what-so-ever (other than default on the part of the contractor for which the Corporation is entitled to rescind the contract) desires that the whole or any part of the work specified in the tender should be suspended for any period or that the whole or part of the work should Not be carried out at all, he shall give to the contractor a Notice in writing of such desire and upon the receipt of such Notice the contractor shall forthwith suspend or stop the work wholly or in part as required, after having due regard to the appropriate stage at which the work should be stopped or suspended so as Not to cause any damage or injury to the work already done or endanger the safety thereof provided that the decision' of the Engineer as to the stage at which the work or any part of it, could be or could have been safety stopped or suspended shall be final and conclusive against the contractor. The contractor shall have No claim to any payment or compensation whatsoever by reason of or in pursuance of any Notice as aforesaid, on account of any suspension, stoppage or curtailment except to the extent specified hereinafter.

- (2) Where the total suspension of work ordered as aforesaid

continued for a continuous period exceeding 90 days the contractor shall be at liberty to withdraw from the contractual obligations under the contract so far as it pertains to the unexecuted part of the work by giving a 10 days' prior Notice in writing to the Engineer, within 30 days of the expiry of the said period of 90 days, of such intention and requiring the Engineer to record the final measurement of the work already done and to pay final bill. Upon giving such Notice the contractor shall be deemed to have discharged from his obligations to complete the remaining unexecuted work under the contract. On receipt of such Notice the Engineer shall proceed to complete the measurements and make such payment as may be finally due to the contractor within a period of 90 days from the receipt of such Notice in respect of the work already done by the contractor. Such payment shall Not in any manner prejudice the right of the contractor to any further compensation under the remaining provisions of this clause.

(3) Where the Engineer-in-charge is required to suspend the work for a period in excess of 30 days at any time or 60 days in the aggregate, the contractor shall be entitled to apply to the Engineer within 30 days of the resumption of work after such suspension for payment of compensation to the extent of pecuniary loss suffered by him in respect of working machinery remained idle on the site or on the account of his having and to pay the salary or wages of labour engaged by him during the said period of suspension provided always that the contractor shall Not be entitled to any claim in respect of any such working machinery, salary or wages for the first 30 days whether consecutive or in the aggregate or such suspension or in respect or any suspension whatsoever occasioned by unsatisfactory work or any other default on his part. The decision of the Engineer in this regard shall be final and conclusive against the contractor.

(4) In the event of - (i) Any total stoppage of work on Notice from Engineer under sub-clause (1) in that behalf. (ii) Withdrawal by the contractor from the contractual obligations to complete the remaining unexecuted work under sub-clause (2) on account of continued suspension of work for a period exceeding 90 days. **OR** (iii) Curtailment in the quantity of item or items originally tendered on account of any alternation, omission substitution in the specifications, drawings, designs or instructions under clause 14 where such curtailment exceeds 25% in quantity and the value of the quantity curtailed beyond 25% of the rates for the item specified in the tender is more than Rs. 5000/-. It shall be open to the contractor, within 90 days from the service of (i) the Notice of stoppage of work or (ii) the Notice of withdrawal from the contractual obligations under the contract on account of the continued suspension of work or (iii) Notice under clause 14 resulting in such curtailment to produce to the Engineer satisfactory Documents any evidence that he had purchased or agreed to purchase material for use in the contracted work,

before receipt by him of the Notice of stoppage, suspension or curtailment and require the Government to take over on payment such material at the rate determined by the Engineer, provided, however, such rates shall in No case exceed the rates at which the same was acquired by the contractor. The Government shall thereafter take over the material so offered, provided the quantities offered are Not in excess of the requirements of the unexecuted work as specified in the accepted tender and are of quality and specifications approved by the Engineer.

**CLAUSE 15 A-**

*No claim to Corporation* *compensation on account of loss due to delay in supply of materials by Corporation* The contractor shall Not be entitled to claim any compensation from Corporation for the loss suffered by him on account of delay by Corporation in the supply of materials where such delay is caused by

- (i) Difficulties relating to the supply of railway wagons.
- (ii) Force - majeure.
- (iii) Act of God
- (iv) Act of enemies of the State or any other reasonable cause beyond the control of the contractor

**DELETED** case of such delay in the supply of materials grant such extension of time for the completion of the work as shall appear to the Executive Engineer to be reasonable in accordance with the circumstances of the case. The decision of the Executive Engineer as to the extension of time shall be accepted as final by the contractor and will be governed by the provision of Clause 6.

**CLAUSE 16 -**

*Time limit for unforeseen claims.* Under No circumstances whatsoever shall the contractor be entitled to any compensation from Corporation on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the case of such claim occurring subject to provision in Clauses 30 and 40 with all authentic Documents any evidences in support of the claim

**CLAUSE 17 -**

*Action and compensation payable in case of bad work.* If at any time before the security deposit or any part thereof is refunded to the contractor it shall appear to the Engineer-in-charge or his subordinates in charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound, or of any quality inferior to that contracted for or are otherwise Not in accordance with the contract, it shall be lawful for the Engineer-in-charge to intimate this fact in writing to the contractor and Notwithstanding the fact that the work, materials or articles complained of may have been inadvertently passed, certified and paid for, the contractor shall be bound forthwith to rectify, or remove or reconstruct the work so specified in whole or in part, as the case may require or if so required, shall remove the materials or articles so specified and provide other proper and suitable materials or articles at his own

charge and cost and in the event of his failing to do so within a period to be specified by the Engineer-in-charge in the written intimation aforesaid, the contractor shall be liable to pay compensation at the rate of one percent on the amount of the tender for every day Not exceeding 10 days, during which the failure so continues and in the case of any such failure the Engineer-in-charge may rectify or remove and re- execute the work or remove, and replakhe the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor Should the Engineer-in-charge consider that any such inferior work or materials as described above may be accepted or made use of it shall be within his discretion to accept the same at such reduced rates as he may fix therefore, subject to Clause -9.

**CLAUSE 18 -**

*Work to be open for inspection Contractor or responsible agent to be present.*

All works under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Engineer-in-charge and his subordinates and the contractor shall at all times during the usual working hours and at all other times at which reasonable Notice of the intention of the Engineer-in-charge and his subordinate to visit the work shall have been given to the contractor either himself be present to receive orders and instructions or have responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's duly authorized agent shall be considered to have the same force and effect as if they had been given to the contractor himself. Contractor should provide for safe arrangement for inspection of work at his cost.

**CLAUSE 19 -**

*Notice to be given before work is covered up.*

The contractor shall give Not less than five days' Notice in writing to the Engineer-in-charge or his subordinate in charge of the work before covering up or otherwise plakhing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof taken before the same is so covered up or plakhe beyond the reach or measurements and shall Not cover up any work without the consent in writing of the Engineer-in-charge or his subordinate in charge of the work, and if any work shall be covered up or plakhed beyond the reach of measurement, without such Notice having been given or consent obtained the same shall be uncovered at the contractor's expense and in default thereof No payment or allowance shall be made for such work or for the materials with which the same was executed.

**CLAUSE 20 -**

*Contractor liable for damage done and for imperfections.24 Month*

If during the period specified at (h) in memorandum from the date of completion as certified by the Engineer-in-charge pursuant to Clause-7 of the contract after commissioning the work, whichever is earlier in the opinion of the Engineer-in-charge, the said work is defective in any manner whatsoever,

Contractor

No. of Corrections

Executive Engineer

the contractor shall forthwith on receipt of Notice in that behalf from the Executive Engineer, duly commence execution and completely carry out at his cost in every respect all the work that may be necessary for rectifying & setting right the defects specified therein including dismantling and reconstruction of unsafe portions strictly in accordance with and in the manner prescribed and under the supervision of the Executive Engineer. In the event of the contractor failing or neglecting to commence execution of the said rectification work within the period prescribed therefore in the said Notice and / or to complete the same as aforesaid as required by the said Notice, the Executive Engineer get the same executed and carried out departmentally or by any other agency at the risk on account and at the cost of the contractor. The contractor shall forthwith on demand pay to the Govt. / Corporation the amount of such costs, charges and expenses sustained or incurred by the Government / Corporation of which the certificate of the Executive Engineer shall be final and binding on the contractor. Such costs, charges and expenses shall be deemed to be arrears of land revenue and on the event of the contractor failing or neglecting to pay the same on demand as aforesaid without prejudice to any other rights and remedies of the Government/ Corporation, the same may be recovered from the contractor as arrears of land revenue. The Government / Corporation shall also be entitled to deduct the same from any amount which may then be payable or which may thereafter become payable by the Government / Corporation to the contractor either in respect of the said work or any other work whatsoever or from the amount of security deposit retained by Government /Corporation.

#### **CLAUSE – 21**

*Contractor to supply plant, ladders, scaffolding etc. And is liable for damages arising from Non provisions of light, fencing etc.*

The contractor shall supply at his own cost all material (except such special materials, if any as may, in accordance with the contract be supplied from the Corporation stores) plant, tools, appliances, implements, ladders, carriage, tackle, scaffolding and temporary work requisite for the proper execution of the work, whether in the original, altered or substituted form, and whether included in the specification or other Documents forming part of the contract or referred to in these conditions or Not and which may be necessary for the purpose of satisfying or complying with the requirements of the Engineer-in-charge as to any matter as to which under these conditions he is entitled to be satisfied, or which he is entitled to require together with the carriage therefore to and from the work. The contractor shall also supply without charge the requisite No of persons with the means and materials necessary for the purpose of setting out works and counting, weighing and assisting in the measurement or examination at any time and from time to time of the work or the materials, failing which the same may be provided by the Engineer-in-charge at the expense of the contractor and the expenses may deducted from any money due to the contractor under the contract or from his security deposit or the proceeds of sale thereof or of a sufficient portion thereof. The contractor shall

-

provide all necessary fencing and lights required to protect the public from accident and shall also be bound to bear the expenses of defense of every suit, action or other legal proceeding that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and cost which may be awarded in any such suit, action or proceedings to any such person or which may with the consent of the contractor be paid for compromising any claim by any such person. List of Machinery in contractor's possession and which they propose to use on the work should be submitted along with the tender. The contractor shall indemnify the Government / Corporation against all such claims.

**CLAUSE 21 (A) -**

*Maharashtra act no.  
xx of 2015 (Stamp  
Duty*

**CLAUSE-60— PAYMENT OF STAMP DUTY:**

As per article 63 of the Bombay Stamp (amendment) Act 2006 and further amendment in April 2015, the contractor will have to pay stamp duty on the value of accepted tender amount as per prevailing rate declared by the Gov. of Maharashtra from time to time before work order. The rates quoted by the contractor will deemed to have considered all taxes, levies and duties etc. including stamp duty and no separate claim will be entertained on this account by the department. The stamp duty has to be paid on GRAS online through net banking or any other medium as per the direction of the Govt. in this regard.and extra stamp duty should be collected at the rate of 0.1% for the amount above rs 10.00 lakhs.

**CLAUSE-61 :**

-“Contractor shall make payments of salaries and wages to all the employees and Labours through bank account linked to Unique Identification Number (AADHAR CARD). and shall submit a certificate accordingly to the Engineer- in- charge. The certificate shall be submitted by the contractor within 60 days from the commencement of contract. If the time period of contract is less than 60 days, the such certificates shall be submitted within 15 days from the date of commencement of contract.

**CLAUSE 62:****Additional security deposit**

As Sanctioned in Corrigendum No.KIDC/AB-1/265/2016, Dated 30/01/2016 If Cost of work increases to tender cost due to Excess Execution of any time or Extra Item Rate List sanctioned Additional security deposit will be recorded by R.A.Bill @ 2.5% on Excess Amount Paid with respect to Tender Cost.

अनुसूचित निविदा नमुन्यातील (Schedule Contracts)  
शर्त क्र. ३७/३८ च्या वापरावरील निर्बंध.

जलसंपदा विभाग  
शासन परिपत्रक क्रमांक निविदा-०८१२/(४२०/२०१२)/मोप्र-१  
मंत्रालय, मुंबई - ४०० ०३२  
दिनांक : ११ ऑक्टोबर, २०१२

संदर्भ:- शासन परिपत्रक क्रमांक सुप्रमा/०४११/(२६२/२०११)/मोप्र-१. दिनांक १०.८.२०११

**प्रस्तावना -**

जलसंपदा विभागांतर्गत विविध कामे कंत्राट पध्दतीने हाती घेण्यात येतात. या करिता प्रामुख्याने महाराष्ट्र सार्वजनिक बांधकाम नियमावलीतील परि. क्र. १९२ अंतर्गत नमूद केलेल्या ब-१/ब-२ या अनुसूचित करारनाम्याचा (Schedule Contracts) वापर करण्यात येतो. सदर करारनाम्यातील परिमाणातील विचलनाविषयी (Quantity Variation) शर्त क्र. ३७ (ब-२ करारनामा)/शर्त क्र. ३८ (ब-१ करारनामा) अंतर्गत सविस्तर मार्दर्शक सूचना /तरतूदी विषयक करण्यात आल्या आहेत. कंत्राटामध्ये काही बाबींच्या परिमाणात विविध कारणांमुळे वाढ होऊन सदर शर्त क्र. ३७/३८ च्या तरतूदीचा वापर केल्यामुळे त्या निविदेवरील खर्चात वाढ होत असल्याचे सर्वसाधारणपणे निदर्शनास आले आहे. या विषयी महालेखापाल यांचेकडून लेखा तपासणी दरम्यान काही प्रकरणात आक्षेप घेण्यात आले आहेत. सविस्तर सर्वेक्षण, अन्वेषण व संकल्पना-अभावी तयार केलेल्या अंदाजपत्रकांवर आधारित निविदा मागवून अभिकरण निश्चिती करून काम सुरू केल्याने स्विकृत निविदेतील विविध बाबींच्या परिमाणात बदल/विचलन झाल्याने निविदा शर्त क्र. ३७/३८ चा वापर करण्यात येत असल्याचे प्रामुख्याने दिसून येते. शासनाने या संदर्भात वेळोवेळी विविध परिपत्रके/शासन निर्णय याद्वारे मार्गदर्शक सूचना जारी केल्या आहेत. विशेषतः दि. १०/८/२०११ रोजीच्या शासन परिपत्रकाद्वारे प्रशासकीय मान्यतेसाठी अंदाजपत्रक तयार करण्यापूर्वी सविस्तर सर्वेक्षण, अन्वेषण व संकल्पना पूर्ण करणे बंधनकारक केले आहे. त्यामुळे अंदाजपत्रकातील बाबींच्या परिमाणात नंतर काही अपवादात्मक परिस्थिती वगळता बदल होणे अपेक्षित नाही. यादृष्टीने उक्त शर्त क्र. ३७/३८ च्या वापरावर आपोआपच मर्यादा येणे अपेक्षित आहे. या अनुषंगाने काही निर्बंध लागू करण्याचे शासनाच्या विचाराधीन होते. आता या संदर्भात खालीलप्रमाणे मार्गदर्शक सूचना प्रसूत करण्यात येत आहेत.

**परिपत्रक -**

१. अनुसूचित कंत्राटामधील शर्त क्रमांक ३७/३८ च्या वापराबाबत मार्गदर्शक सूचना-

१.१ शर्त क्र. ३७/३८ मध्ये नमूद केल्याप्रमाणे प्राधिकृत अभियंत्याने (Engineer in charge) कंत्राटदारास लेखी स्वरूपात कळविल्यानंतरच अनुज्ञेय परिमाणापेक्षा जास्त (म्हणजेच निविदेतील बाबींसाठी परिमाणाच्या २५ टक्के पेक्षा जास्त) परिमाणाचे काम कंत्राटदार करू शकतो. त्यामुळे खालील अपवादात्मक बाबी वगळता, अनुज्ञेय परिमाणापेक्षा वाढीव परिमाणाचे काम करण्यास कंत्राटदारास सूचना देण्यात येऊ नयेत व असे वाढीव काम करू नये.

**अपवादात्मक बाबी -** माती धरणाच्या जलरोधक खंदकाचे माती काम ( खोदकाम व पश्चरण), गुरुत्वीय प्रकारातील धरणाच्या (Gravity dams) पायाचे खोदकाम व संधानक, त्या अनुषंगाने करावयाचे बांधकाम, बोगदे (tunnels)/ भुयारें (Underground caverns) यांच्याकरिता करावयाच्या आधारसंरचनेचे (cavern support system) काम, कालव्यावरील विविध बांधकामासाठी पायाचे खोदकाम व संधानक, धरणातील विमोचकाच्या आदान संरचनेसाठी (Intake structure/well) खोदकाम व संधानक, विंधन विवरे, धरण पायातील व धरण बांधकामातील ग्रावण (grouting).

वरील अपवादात्मक परिस्थितीत वाढीव काम उदभवल्यास ते करण्यासाठी कंत्राटदारास लेखी परवानगी देण्यापूर्वी/लेखी कळविण्यापूर्वी प्रकल्पाचे कार्यकारी अभियंता, अधीक्षक अभियंता व त्या प्रदेशातील अन्य एक अधीक्षक अभियंता यांच्या समितीकडून तांत्रिक तपासणी करून संबंधित मुख्य अभियंत्याकडून पूर्व मान्यता प्राप्त करून घेणे बंधनकारक राहिल.

१.२ उक्त अपवादात्मक कामे वगळता अन्य प्रकरणी कंत्राटातील शर्त ३७/३८ नुसार अनुज्ञेय परिमाणापेक्षा जास्त काम करणे क्रमप्राप्त असल्यास ते प्रगतीपथावरील कंत्राटांतर्गत न करता त्यासाठी प्रचलित नियमाच्या चौकटीत राहून स्पर्धात्मक निविदा मागवून, विधिवत अभिकरण निश्चिती करून अशा अभिकरणामार्फत करण्यात यावे.

१.३ निविदा करारनाम्यात विषय केलेल्या कामाच्या व्याप्तीबाहेरील कोणतेही काम सदर शर्त क्र. ३७/३८ च्या अंतर्गत करण्यात येऊ नये.

१.४ वरील परिच्छेद क्र. १ मधील अपवादात्मक परिस्थिती वगळता निविदा किंमत कोणत्याही परिस्थितीमध्ये १० टक्के पेक्षा (भाववाढ वगळून) जास्त वाढणार नाही तसेच निविदेतील प्रत्येक स्वतंत्र बाबीसाठी अनुज्ञेय परिमाणा पेक्षा जास्त वाढ होणार नाही याची काटेकोरपणे दक्षता घ्यावी.

वरील सूचना, प्रस्तावनेत नमूद केल्यानुसार दि. १०/८/२०११ नंतर स्विकृत केलेल्या निविदांना लागू राहतील.

सदर परिपत्रक शासनाच्या वेबसाईटवर उपलब्ध करण्यात आला असून त्याचा संगणक संकेतांक क्रमांक २०१२१०१११७१७१३१२७ असा आहे.

महाराष्ट्राचे राज्यपाल यांच्या आदेशानुसार व नावाने,

  
( र. ब. चाटे )

| 26.00 | Supplying and fixing 2 m 24 AWG multi stranded UTP patch cord with RJ-45 factory crimped connector of cat 6A type compliant ANSI/TIA-568.2-D standards in position as per specification no. WG-ELVC/PC |           | Rs.573.60    | Rupees Five Hundred Seventy Three and Sixty Paisas Only                    | No. | Rs.14,913.60   |
|       | <b>Item no.</b>  | <b>17</b> |              |  |     |                |
| 7.00  | Supplying, fixing, and configuring 8-ports managed gigabit, Layer-2 switch, 10/100/1000 base-T, POE smart switch plus 2 SFP erected in provided rack with standards complete.                          |           | Rs.29,749.20 | Rupees Twenty Nine Thousand Seven Hundred Forty Nine and Twenty Pisas Only | No. | Rs.2,08,244.40 |
|       | <b>Item no.</b>  | <b>18</b> |              |  |     |                |
| 6.00  | Supplying, fixing, and configuring 10G Base -LR (SFP+) SM transceiver compliant with IEEE 802.3 standards erected in provided rack complete.   |           | Rs.55,003.20 | Rupees Fifty Five Thousand Three and Twenty Pisas Only                     | No. | Rs.3,30,019.20 |
|       | <b>Item no.</b>  | <b>19</b> |              |  |     |                |
| 12.00 | Supplying and plugging 3 m fibre patch cord LC-LC MM (50) OM3 LSZH duplex complete as per specification no. WG-COC/FPC   |           | Rs.4,096.80  | Rupees Four Thousand Ninety Six and Eighty Pisas Only                      | No. | Rs.49,161.60   |
|       | <b>Item no.</b>  | <b>20</b> |              |  |     |                |
| 4.00  | Supplying and fixing IP66 ABS enclosure for fiber splicing with raised hinged splice to house upto 48 fibers with multiple galnd entry points including splice protectors complete.                    |           | Rs.11,623.20 | Rupees Eleven Thousand Six Hundred Twenty Three and Twenty Pisas Only      | No. | Rs.46,492.80   |

## KONKAN IRRIGATION DEVELOPMENT CORPORATION

| 1140.00 | Supplying and erecting 12 fibers LSZH armoured multimode optical fiber cable with , core dia 50/125 µm (OM3), suitable upto 10 GBPS, compliant to IEC 60793/IEC 60794 standards, on wall/ceiling or laid in provided pipe/trench as per specification no. WG-ELVC/OFC |           | Rs.362.40   | Rupees Three Hundred Sixty Two and Forty Pisas Only                   | Mtr | Rs.4,13,136.00 |
|         | <b>Item no.</b>   | <b>22</b> |             |   |     |                |
| 1.00    | Supplying, erecting & terminating 5 m HDMI cord low voltage grade minimum 4k compliant to be laid in provided conduits with male/female 19pin HDMI connectors complete.   |           | Rs.2,878.80 | Rupees Two Thousand Eight Hundred Seventy Eight and Eighty Pisas Only | No. | Rs.2,878.80    |
|         | <b>Item no.</b>   | <b>23</b> |             |   |     |                |
| 193.00  | Supplying and erecting mains with 2x1.5 sq.mm FRLSH copper PVC insulated wire laid in provided conduit/trunking/inside pole/Bus bars or any other places as per specification No: WG-MA/BW  |           | Rs.55.20    | Rupees Fifty Five and Twenty Pisas Only                               | Mtr | Rs.10,653.60   |
|         | <b>Item no.</b>   | <b>24</b> |             |   |     |                |
| 125.00  | Supplying and erecting HMS PVC conduit FRLS grade 25 mm dia. With PVC accessories on wall /ceiling as per specification No: WG-MA/CON.  |           | Rs.115.20   | Rupees One Hundred Fifteen and Twenty Pisas Only                      | Mtr | Rs.14,400.00   |
|         | <b>Item no.</b>   | <b>25</b> |             |   |     |                |

## KONKAN IRRIGATION DEVELOPMENT CORPORATION

|         |   |           |              |   |     |                |
|---------|---|-----------|--------------|---|-----|----------------|
| 1100.00 | Making trench in Soft soil having 0.75m depth and minimum 0.3m width for laying provided cables up to voltage level of 1.1kV complete as per specification no. CW-EXN-CTR   |           | Rs.226.80    | Rupees Two Hundred Twenty Six and Eighty Paisas Only                        | Mtr | Rs.2,49,480.00 |
|         | <b>Item no.</b>   | <b>26</b> |              |   |     |                |
| 3.00    | Supplying and erecting integrated LED flood light fitting Max. 30W IP65 & IK07 class having pressure die-cast aluminium housing, having system lumens output of Min. 3000 Lumens, min. efficacy of 100 lumen/W, CRI>70, CCT upto 6500K, THD<10%, p.f. >0.90, operating range of 140-270V, inbuilt surge protection of 4 kV, Life class of 50,000 Hrs. at L70B50, including driver with U shaped bracket with Years warranty as per specification No FG-ODF/FLS2..   |           | Rs.2,539.20  | Rupees Two Thousand Five Hundred Thirty Nine and Twenty Paisas Only         | No. | Rs.7,617.60    |
|         | <b>Item no.</b>   | <b>27</b> |              |   |     |                |
| 3.00    | Supplying erecting, testing and commissioning Conference Controller Unit controls up to 50 discussion units with 50W PA Amplifier with robust metal case, Line o/p - 17.5V DC/3A Max.; -34dBV (20mV), minimum 2 or more inputs, Headphone output, 60-14000 Hz frequency response, S/N ratio >60dB, Speaker output 4Ω, 8Ω/(Low Impedence) and 70V & 100V/(High Impedence) Digital recorder with LED indication bar, can playback the pre-recorded messages, suitable for 230V AC & 24V DC, on provided 19" rack. Unit shall have the facility of feeding two independent groups of Delegate Units complete as per specification no. PA-CCU |           | Rs.34,863.60 | Rupees Thirty Four Thousand Eight Hundred Sixty Three and Sixty Paisas Only | No. | Rs.1,04,590.80 |
|         | <b>Item no.</b>   | <b>28</b> |              |   |     |                |

**SCHEDULE – C****Name of Work =**

**Providing, fixing, installation, commissioning of IoT based data transmission system along with customized solutions & smart intelligent reconnaissance system with alternative power backup and smart intelligent interface connectivity etc. complete at Aruna Dam.**

| Sr. No. | Description of Item  | Specifications   |
|---------|--|--|
| 1       | <p>Supplying &amp; erecting of High definition 4/5 Megapixel IP IR varifocal Bullet Camera with following features<br/>           Image Sensor : minimum 1/ 2.8" Progressive Scan CMOS, Video Resolution : minimum 2592 x 1520 Video compression : H.264, H.265 or higher, at least Three individually configurable stream, Frame Rate : minimum 25 fps at all resolutions. WDR : minimum 120 dB Wide Dynamic Range, ONVIF profile conformant, minimum IR distance : 50m, Lens Type: 2.8 - 13mm Lens, auto/motorized varifocal focal, Field of View : horizontal FOV 103° to 32°, vertical FOV 73° to 24°, diagonal FOV 142° to 40° Lux sensitivity - minimum 0.2 Lux at color, minimum 0.05 Lux at Black &amp; White, 0.0 Lux (IR) Night Vision Distance Min IR- 50m, Camera minimum Adjustment Angles - Pan : 350°, Tilt : 72°, Rotate : 350°. Power Supply : Support 12VDC &amp; PoE, IP67, IK10 – Vandal Resistant, built in micro SD/SDHC/SDXC card slot of min 128 GB, built in microphone. minimum Input/Output- Audio in × 1, Audio Out × 1 , Alarm in × 1, Alarm Out × 1. Image Settings: Rotate mode, saturation, brightness, contrast, sharpness, gain, white balance. Image Enhancements: Day/ Night-Auto (ICR)/Color/Black &amp; White, 3D Digital Noise Reduction, Automatic White Balance, Automatic Gain Control, Backlight Compensation, Highlight Compensation. Events: Privacy Masking, Motion detection, Scene change detection, Face capture, Video tampering, audio exception detection, Region entrance detection, Region exiting detection. Operating temperature ( -30 to 60° C ) . Security- User account and password protection, HTTPS, IP filter, IEEE 802.1X, digest authentication, user access log, TLS1.2, AES-256, SSH/Telnet closed, FTP disabled. Protocol - DHCP, UDP, HTTP, HTTPS, NTP, DNS, RTP, RTSP, SMTP, SSL/TLS, TCP/IP, Secure Real-Time Transport Protocol (SRTP), Bonjour, SNMP and Secure shell (SSH) supported protocol. RoHS, WEEE, ISO-14001 and REACH compliant, UL/EN OR equivalent &amp; BIS, CE, FCC certified. duly erected in position on wall/ceiling/false ceiling/provided pole (mounting height not more than 5 meter) etc with all accessories etc complete as per specification no. CCTV-CAM.</p> | <p>Supplying &amp; erecting of High definition 4/5 Megapixel IP IR varifocal Bullet Camera must have Manufacturer's Authorisation Form (MAF) of specified branded companies along with CE, BIS &amp; FCC certification with following features<br/>           Image Sensor : minimum 1/ 2.8" Progressive Scan CMOS, Video Resolution : minimum 2592 x 1520 Video compression : H.264, H.265 or higher, at least Three individually configurable stream, Frame Rate : minimum 25 fps at all resolutions. WDR : minimum 120 dB Wide Dynamic Range, ONVIF profile conformant, minimum IR distance : 50m, Lens Type: 2.8 - 13mm Lens, auto/motorized varifocal focal, Field of View : horizontal FOV 103° to 32°, vertical FOV 73° to 24°, diagonal FOV 142° to 40° Lux sensitivity - minimum 0.2 Lux at color, minimum 0.05 Lux at Black &amp; White, 0.0 Lux (IR) Night Vision Distance Min IR- 50m, Camera minimum Adjustment Angles - Pan : 350°, Tilt : 72°, Rotate : 350°. ## KONKAN IRRIGATION DEVELOPMENT CORPORATION

|   |  |  |
|---|--|--|
| 3 | <p>Supplying, installing, testing &amp; commissioning of 32/40 Ch. Network Video Recorder (NVR), suitable connect Min. 32 IP Cameras, up to 5 Megapixel Resolution, with HDMI/VGA outputs, provided HDMI output of 4K resolution or VGA output with output up to 1920 × 1080. Support H.265 or higher, H.264, MJPEG, Incoming Bandwidth 250Mbps with minimum 4 SATA Hard Disks, ANR Technology, 4 SATA interfaces for 4 HDDs and capacity of each HDD up to 8TB, minimum 02 USB port, Alarm I/O 16/4, RJ-45 10/100/1000 Mbps selfadaptive Ethernet interface, ONVIF conformance, Multiple network monitoring: Web viewer . support protocol TCP/IP, DHCP, DNS, DDNS, NTP, SADP, SMTP, NFS, iSCSI, UPnP™, HTTPS. RoHS, &amp; BIS, CE, FCC certified. duly erected in provided U Rack with wiring connections, tagging and programming etc. complete as per specification no. CCTV-NVR</p> | <p>Supplying, installing, testing &amp; commissioning of 32/40 Ch. Network Video Recorder (NVR) must have Manufacturer's Authorisation Form (MAF) of Matrix or Uniview or Wbox companies along with CE, BIS &amp; FCC certification suitable connect Min. 32 IP Cameras, up to 5 Megapixel Resolution, with HDMI/VGA outputs, provided HDMI output of 4K resolution or VGA output with output up to 1920 × 1080. Support H.265 or higher, H.264, MJPEG, Incoming Bandwidth 250Mbps with minimum 4 SATA Hard Disks, ANR Technology, 4 SATA interfaces for 4 HDDs and capacity of each HDD up to 8TB, minimum 02 USB port, Alarm I/O 16/4, RJ-45 10/100/ 1000 Mbps selfadaptive Ethernet interface, ONVIF conformance, Multiple network monitoring: Web viewer . support protocol TCP/IP, DHCP, DNS, DDNS, NTP, SADP, SMTP, NFS, iSCSI, UPnP™, HTTPS. RoHS, &amp; BIS, CE, FCC certified. duly erected in provided U Rack with wiring connections, tagging and programming etc. complete as per specification no. CCTV-NVR</p> |
| 4 | <p>Supplying &amp; erecting 1TB internal Surveillance HDD suitable for SATA Port of NVR, interface transfer rate 6GB/S, maximum sustained transfer rate 110MB/Sec to 180MB/S. Drive bay supported 08, Cameras supported up to 64, Cache (MB) 64, Work Load Rating per Year 180TB, MTBF 1000000 Hrs. HTTPS. RoHS &amp; BIS, CE certified, duly erected in position in provided NVR as per specification no. CCTV-HDD</p>  | <p>Supplying &amp; erecting 1TB internal Surveillance HDD suitable for SATA Port of NVR, interface transfer rate 6GB/S, maximum sustained transfer rate 110MB/Sec to 180MB/S. |----|--|---|
| 10 | Supplying, fixing, and configuring modularised multi-service router 802.11/a/n/ac unified Wave 2.5 GHz, with RJ-45 port, supporting 1 to 13 channels for 2.4 GHz, with unified wireless access point complete        | Supplying, fixing, and configuring modularised multi-service router must be Original Equipment Manufacturer's (OEM) & must have Manufacturer's Authorization Form (MAF) of Airspan Networks or Ruijie Networks co. along with FCC certification 802.11/a/n/ac unified Wave 2.5 GHz, with RJ-45 port, supporting 1 to 13 channels for 2.4 GHz, with unified wireless access point complete |
| 11 | Supply, Installation, Testing, Intgeration & Commissioning of 49" LCD monitor at Conf. Room for display of total water system (Online)   | Supply, Installation, Testing, Intgeration & Commissioning of 49" LCD monitor at Conf. Room for display of total water system (Online)  |
| 12 | Supplying and fixing 6U Hybrid IP66 outdoor mount server rack with pole mount bracket (Dimension-DxWxH - 500x550x350 mm) as per specification no. WG-NAS/RAK   | Supplying and fixing 6U Hybrid IP66 outdoor mount server rack with pole mount bracket (Dimension-DxWxH - 500x550x350 mm) as per specification no. WG-NAS/RAK  |
| 13 | Supplying and fixing 9U IP66 outdoor mount server rack with pole mount bracket (Dimension- DxWxH - 500x600x450 mm) as per specification No. WGNAS/ RAK   | Supplying and fixing 9U IP66 outdoor mount server rack with pole mount bracket (Dimension- DxWxH - 500x600x450 mm) as per specification No. WGNAS/ RAK  |
| 14 | Supplying and fixing 24 U floor mount rack (Dimension-DxWxH – 800x600x1265 mm) as per specification No. WG-NAS/RAK   | Supplying and fixing 24 U floor mount rack (Dimension-DxWxH – 800x600x1265 mm) as per specification No. WG-NAS/RAK  |
| 15 | Supplying and installing LSZH sheathed HDPE insulated copper cat-6A cable suitable for networking compliant with ANSI/TIA-568.2-D standards in provided conduit/casing-n-capping as per specification no. WG-ELVC/NC | Supplying and installing LSZH sheathed HDPE insulated copper cat-6A cable suitable for networking compliant with ANSI/TIA-568.2-D standards in provided conduit/casing-n-capping as per specification no. WG-ELVC/NC  |
| 16 | Supplying and fixing 2 m 24 AWG multi stranded UTP patch cord with RJ-45 factory crimped connector of cat 6A type compliant ANSI/TIA-568.2-D standards in position as per specification no. WG-ELVC/PC               | Supplying and fixing 2 m 24 AWG multi stranded UTP patch cord with RJ-45 factory crimped connector of cat 6A type compliant ANSI/TIA-568.2-D standards in position as per specification no. WG-ELVC/PC  |
| 17 | Supplying, fixing, and configuring 8-ports managed gigabit, Layer-2 switch, 10/100/1000 base-T, POE smart switch plus 2 SFP erected in provided rack with standards complete.  | Supplying, fixing, and configuring 8-ports managed gigabit, Layer-2 switch, 10/100/1000 base-T, POE smart switch plus 2 SFP erected in provided rack with standards complete.   |
| 18 | Supplying, fixing, and configuring 10G Base -LR (SFP+) SM transceiver compliant with IEEE 802.3 standards erected in provided rack complete.   | Supplying, fixing, and configuring 10G Base -LR (SFP+) SM transceiver compliant with IEEE 802.3 standards erected in provided rack complete.  |
| 19 | Supplying and plugging 3 m fibre patch cord LC-LC MM (50) OM3 LSZH duplex complete as per specification no. WG-COC/FPC   | Supplying and plugging 3 m fibre patch cord LC-LC MM (50) OM3 LSZH duplex complete as per specification no. WG-COC/FPC  |

## KONKAN IRRIGATION DEVELOPMENT CORPORATION

|    |   |   |
|----|---|---|
| 20 | Supplying and fixing IP66 ABS enclosure for fiber splicing with raised hinged splice to house upto 48 fibers with multiple galnd entry points including splice protectors complete.   | Supplying and fixing IP66 ABS enclosure for fiber splicing with raised hinged splice to house upto 48 fibers with multiple galnd entry points including splice protectors complete.   |
| 21 | Supplying and erecting 12 fibers LSZH armoured multimode optical fiber cable with , core dia 50/125 $\mu\text{m}$ (OM3), suitable upto 10 GBPS, compliant to IEC 60793/IEC 60794 standards, on wall/ceiling or laid in provided pipe/trench as per specification no. WG-ELVC/OFC  | Supplying and erecting 12 fibers LSZH armoured multimode optical fiber cable with , core dia 50/125 $\mu\text{m}$ (OM3), suitable upto 10 GBPS, compliant to IEC 60793/IEC 60794 standards, on wall/ceiling or laid in provided pipe/trench as per specification no. WG-ELVC/OFC  |
| 22 | Supplying, erecting & terminating 5 m HDMI cord low voltage grade minimum 4k compliant to be laid in provided conduits with male/female 19pin HDMI connectors complete.   | Supplying, erecting & terminating 5 m HDMI cord low voltage grade minimum 4k compliant to be laid in provided conduits with male/female 19pin HDMI connectors complete.   |
| 23 | Supplying and erecting mains with 2x1.5 sq.mm FRLSH copper PVC insulated wire laid in provided conduit/trunking/inside pole/Bus bars or any other places as per specification No: WG-MA/BW  | Supplying and erecting mains with 2x1.5 sq.mm FRLSH copper PVC insulated wire laid in provided conduit/trunking/inside pole/Bus bars or any other places as per specification No: WG-MA/BW  |
| 24 | Supplying and erecting HMS PVC conduit FRLS grade 25 mm dia. With PVC accessories on wall /ceiling as per specification No: WG-MA/CON.  | Supplying and erecting HMS PVC conduit FRLS grade 25 mm dia. With PVC accessories on wall /ceiling as per specification No: WG-MA/CON.  |
| 25 | Making trench in Soft soil having 0.75m depth and minimum 0.3m width for laying provided cables up to voltage level of 1.1kV complete as per specification no. CW-EXN-CTR   | Making trench in Soft soil having 0.75m depth and minimum 0.3m width for laying provided cables up to voltage level of 1.1kV complete as per specification no. CW-EXN-CTR   |
| 26 | Supplying and erecting integrated LED flood light fitting Max. 30W IP65 & IK07 class having pressure die-cast aluminium housing, having system lumens output of Min. 3000 Lumens, min. efficacy of 100 lumen/W, CRI>70, CCT upto 6500K, THD<10%, p.f. >0.90, operating range of 140-270V, inbuilt surge protection of 4 kV, Life class of 50,000 Hrs. at L70B50, including driver with U shaped bracket with Years warranty as per specification No FG-ODF/FLS2.. | Supplying and erecting integrated LED flood light fitting Max. 30W IP65 & IK07 class having pressure die-cast aluminium housing, having system lumens output of Min. 3000 Lumens, min. efficacy of 100 lumen/W, CRI>70, CCT upto 6500K, THD<10%, p.f. >0.90, operating range of 140-270V, inbuilt surge protection of 4 kV, Life class of 50,000 Hrs. at L70B50, including driver with U shaped bracket with Years warranty as per specification No FG-ODF/FLS2.. |

|    |   |   |
|----|---|---|
| 27 | Supplying erecting, testing and commissioning Conference Controller Unit controls up to 50 discussion units with 50W PA Amplifier with robust metal case, Line o/p - 17.5V DC/3A Max.; -34dBV (20mV), minimum 2 or more inputs, Headphone output, 60-14000 Hz frequency response, S/N ratio >60dB, Speaker output 4Ω, 8Ω/(Low Impedence) and 70V & 100V/(High Impedence) Digital recorder with LED indication bar, can playback the pre-recorded messages, suitable for 230V AC & 24V DC, on provided 19" rack. Unit shall have the facility of feeding two independent groups of Delegate Units complete as per specification no. PA-CCU | Supplying erecting, testing and commissioning Conference Controller Unit controls up to 50 discussion units with 50W PA Amplifier with robust metal case, Line o/p - 17.5V DC/3A Max.; -34dBV (20mV), minimum 2 or more inputs, Headphone output, 60-14000 Hz frequency response, S/N ratio >60dB, Speaker output 4Ω, 8Ω/(Low Impedence) and 70V & 100V/(High Impedence) Digital recorder with LED indication bar, can playback the pre-recorded messages, suitable for 230V AC & 24V DC, on provided 19" rack. Unit shall have the facility of feeding two independent groups of Delegate Units complete as per specification no. PA-CCU |
| 28 | Supplying, Installing, testing and commissioning of Supercardioid professional Wired Dynamic microphone with noiseless magnetic read switch, frequency Response : 50-18,000Hz, Sensitivity : 2.5mV/Pa, Impedance : 300Ω, with quick detachable holder with 3-pin professional XLR connector & 10m twin core shielded low noise cable on provided stand complete as per specification no. PA-WDM   | Supplying, Installing, testing and commissioning of Supercardioid professional Wired Dynamic microphone with noiseless magnetic read switch, frequency Response : 50-18,000Hz, Sensitivity : 2.5mV/Pa, Impedance : 300Ω, with quick detachable holder with 3-pin professional XLR connector & 10m twin core shielded low noise cable on provided stand complete as per specification no. PA-WDM   |
| 29 | Supplying & erecting Microphone table/floor stand with height 350-530 mm, base dia. min 150 mm, min. weight 1.8 kg with superior quality of chrome plating/powder coating (resistant to rust & corrosion) having sturdy mechanism for ensuring trouble free movement and positioning of microphone complete as per specification no. PA-MTS   | Supplying & erecting Microphone table/floor stand with height 350-530 mm, base dia. min 150 mm, min. weight 1.8 kg with superior quality of chrome plating/powder coating (resistant to rust & corrosion) having sturdy mechanism for ensuring trouble free movement and positioning of microphone complete as per specification no. PA-MTS   |
| 30 | Supplying, erecting, testing and commissioning of 2 core shielded cable complete as per specification no. FF-PA/MCC   | Supplying, erecting, testing, and commissioning of 2 core shielded cable complete as per specification no. FF-PA/MCC  |

**SECTION – VIII**  
**SPECIAL CONDITION**  
**OF CONTRACT**

## **SPECIAL CONDITIONS OF CONTRACT**

### **1.0 Contractor to inform himself fully:**

- 1.1** The contractor shall be deemed to have carefully examined the work and site conditions, conditions of contract in B-1 form, the special conditions, the specifications, schedules and drawings and shall be deemed to have visited the work site, investigated his own quarries for rubble and sand and to have fully informed himself regarding the availability of construction materials, and leads involved local conditions, ancillary works required to be done etc. before quoting the offer.
- 1.2** If he shall have any doubts as to the meaning of any portion of the special conditions or the scope of work or the specifications or any other matter concerning the contract, he shall in good time, set forth the particulars thereof and submit them to the Engineer-in-charge.
- 1.3** The Engineer-in-charge generally means the Executive Engineer directly in charge of the work, but also means the Superintending Engineer, for exercising powers under this contract.

### **2. Contract Drawings and Specifications:**

- 2.1** On acceptance of the tender, three sets of contract drawings and working drawings as well as one certified copy of the accepted tender will be supplied to the contractor free of charge within one week. On request by the contractor, the contractor may be supplied additional copies of contract Documents to be charged at the rate of Rs.3,000/- (Rupees Three Thousand Only) per set.
- 2.2** The drawings which form part of this contract show the works to be done in such details as possible to do for the present. They will be supplemented for superseded by such additional detailed drawings as may be necessary as the work progresses. The contractor shall carry out the work in accordance with these additional and / or revised drawings as the case may be at the applicable rates as per the contract. The contractor shall be supplied a maximum No of three copies of each of such working drawings free of charge. Should the contractor require any additional copy for his use, the same may be supplied and the contractor will be charged Rs.5000/- (Rupees Five Thousand Only) per set of contract drawings and Rs.3000/- ( Rupees Three Thousand Only) for additional copy of each working drawing.
- 2.3** The contractor shall check all drawings carefully and intimate the Engineer-in- charge immediately any errors or omissions discovered. The contractor shall Not take advantage of any kind of errors or omissions in the drawings supplied.

### **3. Data and Drawings to be furnished by the Contractor:**

- a)** Prior to the commencement of the work, within one month from the date of his receiving Notice to start work, the contractor shall submit to the Engineer-in-charge for approval, computerized drawings or prints of size 1020 mm X 690 mm or 510 mm X 345 mm as may be suitable in triplicate showing the location of major plant workshop, if any, a layout plan of construction plant and equipment for the

Contractor

No. of Corrections

Executive Engineer

execution of the work which the contractor proposes to adopt at site, roadways, temporary bridges, unloading facilities and storage yards, etc. which he proposes to put up at the site.

- b) Any changes in the approved layout will be subject to further approval by Engineer - in - charge.
- c) The approval of the drawings, however, will Not relieve the contractor of his responsibility from any errors or omissions.

#### **4. Errors, Omissions, Discrepancies:**

- a) In case of errors, omissions and / or disagreement between written and scaled dimensions on the drawings or between the drawings and specifications, the following orders of preference shall apply.
  - a-1) Between actual scaled and written dimensions or description on drawing and corresponding one in the specification, the latter shall be adopted.
  - a-2) Between the quantities in the schedule of quantities, and those arrived at from the drawings, the former shall apply.
  - a-3) Between the written description of the item in the schedule of quantities and the detailed specifications of the same item, the latter shall be adopted.
- b) The information in connection with the works and work site as well as specifications are contained in this book of contract in general and in particular in two parts viz. special conditions and specifications for items of work. In case of any discrepancy or repugnancy in the clauses in these sections, the specifications will prevail over special conditions.
- c) The special conditions of contract and the specifications shall prevail over various clauses of B-1 tender form.
- d) In all cases of omissions and / or doubts or discrepancies in the dimensions or description of any item, a reference shall be made to the Engineer-in-charge whose elucidation, elaboration or decision shall be considered as authentic and final subject of the Clause 30 of B-1 form. The contractor shall be held responsible for any errors that may occur in the work through lack of reference and precaution.

#### **5. Use of Site:**

- a) All land required for contractor's own use shall be arranged by the contractor from private land owner/ Revenue Department at his own cost and No claim on this account shall be entertained. If, however, spare land is available with KIDC / Government it may be handed over to contractor at the rates to be decided by the KIDC for such contract work.
- b) All areas of operation, including those of his staff and labour colonies, in case handed over to the Contractor shall be cleared and handed over back in good condition to the Engineer-in-charge, except the areas under works constructed by the Engineer-in-charge, any damage or alterations made to areas which he has to hand over back or to other property or land handed over to him for the purpose of this work.
- c) The lands shall as hereinbefore mentioned, be handed over back to the Engineer- in-charge within three months after the completion of the work under this contract or

the termination of the contract whichever is earlier. Also No land shall be held by the Contractor longer than the Engineer-in-charge shall deemed necessary and the contractor shall on due Notice by the engineer-in-charge vacate and return the land which the Engineer-in-charge may certify as No longer required by the contractor for the purpose of the works. In case the lands are Not handed overback to the KIDC within the time limit; specified above, penal rent as may be decided by the Engineer-in-charge will be recoverable and further legal action to vacate land will be taken by Engineer-in-Charge.

- d) If the vegetation and forest is Noticeable in project area, the contractor should take utmost care for the preservation of vegetation and forest. Any damage in this vegetation will have to be compensated by the contractor and decision from Engineer-in-charge will be final and binding on contractor. Contractor shall Note than any damage to the forest will attract the provision of Forest Conservation Act, 1980.

**6. Contractor Not To Dispose Off Soil Etc.:**

The contractor shall Not sell or otherwise dispose off or remove except for the purpose of this contract, sand, stone, clay, ballast, earth, rock or other substance or materials which may be obtained from the excavation made for the purpose of this contract or any produce from the site. All such substances materials and produces shall be the property of KIDC and shall be disposed off in a manner and at the plahed shown in the drawings or as and where the Engineer-in-charge may direct.

**7. Gold / Silver, Minerals, Oils, Relics etc. found on the site:**

All gold, silver, Oil or other minerals of any description and all precious stones, coins treasure, relics, antiquities and other similar things which shall be found in or upon the site, shall be property of Government and the contractor shall duly preserve the same to the satisfaction of the Engineer-in-charge and shall from time to time, deliver the same to such person or persons as the Engineer- in-charge may appoint.

**8. Access to site and work and co-operation with other contractors:**

The Engineer-in-charge may, if he considers fit, from time to time, enter on any lands which may be in the possession of the contractor under the contract for the purpose of executing any works Not included in the contract and may execute such works Not included in this contract by agents or by other contractors at his option and the contractor shall in accordance with the requirements of Engineer-in-charge afford all reasonable facilities for execution of the works, including occupation of lands by structures or otherwise to any other contractor employed by the KIDC and his workmen or for the workmen of the KIDC who may be employed in the execution on or near the site of work Not included in the contract, or of any contractin connection with or specially to the works and in default, the contractor shall be liable to the KIDC for any delay or expenses incurred by reason of such default. The contractor shall Not however, on account of any such modified, new or extra work executed by or for the sake of the KIDC be entitled to claim relief from the

obligation to execute the works. The contractor shall also co-operate with other contractors with all fairness and mutual understanding and use the common facilities like access roads to quarries, water supply arrangements etc. The contractor shall also Not cause advertently or inadvertently any obstruction or impediments in the progress of the other works being executed by KIDC or through other agencies. In the event of dispute regarding the claim, the responsibility, liabilities etc. in respect of such facilities, the decision of the Engineer-in-charge shall be final.

**9. Cleaning up:**

- (a) The contractor shall at all times keep the construction areas and his colony and storage free from accumulation of waste or rejected materials.
- (b) Prior to the completion of the work, the contractor shall remove all rubbish from and around the premises and all tools, scaffolding equipment and materials which are Not part of permanent structures except otherwise asked for or as provided under any other clauses of this contract, the premises will be left in a manner fully satisfactory to the Engineer-in-Charge.

**10. Layout of construction roads:**

The contractor shall have to submit detailed plan to the Engineer-in-Charge, showing the layout of the work site, roads and approach roads proposed by him, before he starts the actual work. Such a road layout plan will be scrutinized by the Engineer-in-Charge and any modifications suggested by him will be binding on the contractor. If it is decided by the Engineer-in-Charge to have some of the roads proposed by the contractor as common roads for common use of KIDC and other contractors or convenient and for compact and planned layout of work site, the contractor will be bound to construct them and allow them to be used simultaneously by other contractors and departments. In case of disputes, the decision of the Engineer-in-Charge shall be final and binding on the contractor.

**11. Period and hours of work:**

The work shall be done usually during the day time. In the interest of progress if it is felt necessary to work during night, the contractor shall obtain specific permission of the Engineer-in-Charge and adequate lighting arrangement shall be made as directed by Engineer-in-Charge.

**12. Signing Field Books, Longitudinal Sections, Cross Section and Measurement Books:**

Before starting the work, and at the end before the work is covered, levels for plotting the longitudinal section (along the axis as decided by the Engineer-in-Charge or his authorized representative) and cross section of the portion of the work shall be taken by the authorized Engineer of the KIDC in the presence of the contractor or his duly authorized representative and the same shall be recorded in the measurement books and field books by the authorized Engineer of the KIDC only. If the contractor fails to sign the levels and measurements recorded by the

Contractor

No. of Corrections

Executive Engineer

Engineer-in-Charge or his representative in the authorized books, the same shall be final and binding on the contractor. For this purpose, suitable date or dates shall be fixed by the Engineer-in-Charge and intimated to the contractor at least three days in advance. If the contractor or his duly authorized agent fails to attend on the appointed date or dates, the levels shall be taken in his absence and such levels and longitudinal sections and cross sections based thereon shall be final and binding on the contractor. The levels will be taken on such alignment and cross sections as will be useful for reference permanently and described under specifications for 'Excavation'. The point of locations for the level will depend upon the roughness of the area and will also be at least in conformity with the requirements of specifications for 'Excavation' as far as possible. Based on the above measurements and levels recorded by the Engineer of the KIDC, the contractor shall prepare computerized drawings of plan, L- Sections, Cross Sections etc. on A-4 size paper and submit the same to Engineer-in-Charge. Thereafter the contractor can prepare, print and submit the Running Bills in the standard format for the payment

**13. Programme of Construction: Work and Progress Schedules:**

The construction programme is given in Annex 'A' to Section I - Detailed Tender Notice / enclosed at the end of Schedule 'B' of tender Documents based on which the physical programme is prepared. If the Bidder does Not agree with this programme, he shall submit his own programme without changing total period of tender along with tender Documents inclusive of the physical programme as stated above, subject to the provision that 50% of the work shall be completed in 50% of the contract period and 100% of the work shall be completed in 100% contract period. In case it is subsequently found necessary to alter this programme agreed in contract Documents including the changes in the sequence of the items, the contractor shall submit in good time a revised programme incorporating necessary modifications proposed and get the same approved from the Engineer-in-Charge. Additional detailed programme for each working season, beginning from October, showing the progress to be achieved month by month for controlling items shall also be submitted to the Engineer-in-charge Not later than the 31st August preceding the working season and got approved. The Engineer-in-Charge is further empowered to ask for more detailed programme, say week by week, for any items of special importance, and contractor shall supply the same as and when asked for without delay. The submission of the works programme and approval to it by the Engineer-in-Charge shall Not relieve the contractor of any of his duties or responsibilities under the contract, like timely completion, the damages due to flood or other natural calamities etc. The contractor shall Not be entitled for any claims for any damages caused, due to particular works programme. It is the entire responsibility of the contractor to frame the programme after anticipating the rains, floods etc. Actual work turned out shall be mainly taken into account and Not just the sum of the various payments made to the contractor. The advance on material brought to the site of work will be accounted for while

arriving at the progress achieved by the contractor in terms of proportion of the total work tendered for.

**14. MATERIALS:**

**14.2 Cement :** The cement shall conform to I. S. 8112-1989 and subsequent revisions for Portland cement.

Cement shall be stored in such a way as to allow the removal and use of cement in chronological order of receipt i.e. first received being first used. Cement shall be kept in a store under double locking arrangement (one lock to be operated by contractor and second lock to be operated by the authorized person of Corporation) so that it can be taken out or fresh stock admitted with the knowledge of supervising staff of the Corporation. The watch and ward of the cement stores shall be the responsibility of the contractor.

**14.3 CEMENT PROCURED BY CONTRACTOR :**

A) The contractor shall Procure cement 43 grade conforming to IS-8112 of 1989 from recognized manufacturers such as L & T., A.C.C., Narmada, CCI, Rajashree, Manikgarah, Birla, Dalmiya etc. as per para 14 of Special Conditions of Contract in standard packing of 50 kg. per bag from the authorized manufacturers. The Contractor shall make necessary arrangement at his own cost to the satisfaction of Engineer-in-charge for actual weight random sample from the available stock shall conform with the specification laid down by the Bureau of Indian Standard (vide their specification No.IS:8112 of 1989 53 grade) of higher in quality as per para 17.02 Cement shall be tested in the laboratory under Quality Control Circle, Pune. In case of any dispute about the results, the cement shall be tested in M.E.R.I. Nashik where decision will be final. The cement bags brought and kept at site godown shall be tested for all the tests as directed by the Engineer-in-charge at least one month in advance before actual use of cement. Cement brought on site shall be as fresh possible to the satisfaction of Engineer-in-charge. The old stock, if rejected, shall be immediately removed from the site at the Contractor's cost. Cement bags required for testing shall be supplied by the Contractor free of cost.. Testing should be done in the laboratory as specified by Engineer-in-charge.

B) The use admixture and agents shall be made as per instructions of Engineer-in-charge. The admixture and agents /cost of cartage / loading /handling /mixingshall be borne by the Contractor and shall be included by the tendered for concrete.

C) The Contractor should maintain throughout the tenure of the work adequate

stock of the cement (min. 30 days requirement) so as to ensure that at no time work is stopped for want of cement. At the same time no cement age of more than 60 days from the date of dispatch from the manufacturing unit shall be used on the work. No cement shall be removed from the site without the permission of the Engineer-in-charge.

The Contractor shall forth with remove from the works area any cement that the Engineer-in-charge may disallow for use on account of failure to meet with the required quality and standard.

Cement stock one months requirement shall be kept on site at least one month in advance, sample for testing of the cement to the site shall be given free of cost by the Contractor, as and when required.

D) The Contractor will have to construct sheds for storing cement having capacity no less than the cement required for 60 days use at approved locations of the damsite. The Engineer-in-charge or his representative shall have free access to such stores alltimes.

E) The Contractor shall further, at all times satisfy the Engineer-in-charge on demand by production of records and books or by submission of returns and other proofs as directed, that the cement is being used as tested and approved by the Engineer-in-charge for the purpose and the Contractor shall at all times keep his records up to date to enable the Engineer-in-charge to apply such checks as he may desire.

#### **14.3.1 Daily cement consumption report:**

Contractor shall maintain daily cement consumption account for each item in format as directed by Engineer-in-charge. The daily quantity executed for all the items executed and cement consumed shall tally with the daily cement issued from store. The report of daily cement consumed, quantity executed shall be maintained by contractor on site and copy signed by the site engineer of the KIDC shall be submitted to Engineer-in-charge. The abstract of item wise daily cement consumption and quantity executed shall be enclosed with bills by the contractor, which will form basis of payment of bills.

**14.3.2** The empty bags shall be returned to Engineer-in-charge who will arrange to maintain the account of empty bags.

**14.3.3** In the event of cement in branded bags remaining surplus due to authorized reduction in quantity of work certified by the Engineer-in-Charge and as Noticed after the issue of completion certificate, the contractor may choose any of the following three alternatives:

- (a) To transfer the cement in branded bags, with prior written permission from the Engineer-in-Charge, to any of the contract work with the KIDC and account for the same therein.
- (b) To sell the cement with prior written permission from the Engineer-in-

Charge to any of the contractors carrying out the works on contract with the KIDC at a price to be negotiated by both the contractors and account for the same.

- (c) To sell the cement with prior written permission from the Engineer-in-Charge, to the KIDC at the Ex-factory price + Sales Tax + Octroi, if any + delivery at KIDC godown as directed by the KIDC. If the purchase price paid by the contractor plus delivery at KIDC godown is less than the above, the lower of the two shall be considered. The KIDC will accept the cement in branded bags only if the same is as per the specifications and of acceptable quality.

**STEEL : (Procured by Contractor)**

A) The Contractor shall procure steel from the market. The Contractor shall make necessary arrangement at his own cost for sample from the available stock and shall confirm with the specifications laid down by the Bureau of Indian Standard (vide their specifications No. I.S. 432 (Part I) of 1966, 1139-1966, 1746-1979).

B) The Contractor should store the steel of 60 days requirement at least one month in advance.

C) The Contractor will have to construct sheds for storing steel having capacity not less than the steel required for 120 days use at approved locations along the canal. The Engineer-in-charge or his representative shall have free access to such stores at all times.

D) The Contractor shall further, at all times satisfy the Engineer-in-charge on the demand by production of record and books duty submission of returns and other proof as directed that the steel is being used as tested and approved by the Engineer-in-charge for the purpose and the Contractor shall at all times keep his records up-to-date to enable the Engineer-in-charge to apply such sheets as he may desire.

E) Local Contractor shall procure the steel from main producer such as SAILS, TISCO. Re-rolled steel will not be acceptable, however use of TMT steel shall be preferred. They should bring the test certificate of steel procured by them from the manufacturers.

F) The steel procured should confirm, related IS Codes.

G) Steel samples required for testing shall be supplied by Contractor free of cost.

**14.5 STONE FOR RUBBLE MASONRY, METAL, SAND :**

The Contractor shall make his own investigation regarding locations of quarries, quality of stone and adequacy of the various source of stone in quarry areas known to

him the contractor can make use of the excavated material from hard rock excavation, dumped at dam site, Material has to be stored out by Contractor at his cost and should be got approved from the Engineer-in-charge before its use in the work. However, it is for Contractor to investigate the quarries which will yield stone in sufficient quantities and of required quality Over burden on quarry shall have to be removed by the Contractor at his own cost.

The location of quarries have to be such that they do not affect permanent structures and should be near the existing or proposed habitations.

The locations and size of the quarries shall be subject to the approval of the Engineer-in-charge. However, if a quarry location approved by the Engineer-in-charge on its opening does not yield adequate or suitable stone, no claims can be raised against the Corporation. In that case other quarries will have to be established by the contractor at his own cost and risk and the stone got approved from the Corporation for its quality before using it in the work.

If the quarries located are in privates, the Contractor shall negotiate with the respective owners and shall attend to legal rights and attend to payments etc. to the concerned parties for operation of these quarries at his own cost.

The necessary permission of Revenue Department for quarrying the material shall be obtained by the Contractor similarly he shall make arrangements for roads, leading to and from the stone quarries to the work site at his own cost.

#### **14.6 SAND :**

The Contractor is advised to make his own enquiries regarding adequacy, proper quality and cost of sand, approaches to quarries etc. The same quarry to be used and may change in location shall have prior approval of the Engineer-in-charge.

The Contractor shall, however, obtain permission from Revenue and other authorities, before removing the material and shall pay royalty and other taxes. Octroi, Duty, escort fee, if any for sand. Contractor shall have to make his own enquiries regarding legal right and attend to the aspect of payments due etc. for the operation of the quarries.

The extent of annual replenishment of the sand sources is unknown. The Contractor may therefore choose to collect the sand in advance of its use for the work. The Contractor shall make his own arrangements for quarrying transport of sand from the quarries to the work site. Approach roads to the quarries shall also be constructed and maintained by the Contractor at his own cost.

All the cost of transport of sand shall be borne by the contractor.

**14.6.1 SAND FOR OTHER CONSTRUCTION WORKS :**

Sand for works such as filter, drains etc. is to be procured from local River.

**14.6.2 USE OF CRUSHED SAND :**

If natural sand is not available satisfying specifications, then sand for other work crushed sand may be allowed. Necessary crushing plant may be installed by the contractor near available quarry. The available material from excavation in Hard rock and from quarry shall be used to produce metal, sand, boulders etc.

Crushed sand and / or creek sand, sukhi will be permitted only on the basis of laboratory test results. Admixture as specified in the tender will be permitted to be used as per the exigencies of work.

**15. Quality Assurance and Testing:**

It is the responsibility of the contractor to assure the desired quality of work. Whenever the testing of construction materials are required as per the detailed specifications or otherwise required by the Engineer-in-Charge, the same shall be carried out at the laboratory, selected by the Engineer-in-Charge at Contractor's cost. The other tests of mortar, concrete, colgrout etc. shall be carried out in field laboratory set up by the contractor in presence of quality control representative. Contractor shall through this procedure assure the quality of work. The materials, mixes and any other arrangements, including labourers, shall be supplied by the contractor to the KIDC at contractor's cost. The samples for testing shall be taken in the presence of Engineer-in-Charge or his representative present on site. The contractor or his authorized representative shall have a free access in these laboratories, to get himself satisfied about procedures of testing etc. Even if the contractor or his representative fails to remain present while collecting samples or testing the results will be considered as authentic and binding on the contractor.

**16. Hire of Construction Equipments:**

Construction equipment owned by the KIDC, if available and can be given on hire conveniently, will be made available on specific request, to the contractor at rates that will be prescribed by KIDC from time to time. Supervision charges will also be levied as prescribed by the KIDC from time to time. The contractor shall execute the agreement bond as prescribed by the KIDC, and shall agree to the specific rates of hire and supervision charges in force on the day of transaction in writing before machinery is taken out of the KIDC's yard by him. The contractor shall pay irrevocable bank guarantee for a value equal to 25% of the cost of the similar new machinery; for a period equal to period of hire plus three months. Some such items of equipment are indicated below:

**Rented Equipment:** i) Tankers. ii) Diesel Road Rollers iii) Tippers iv) Dozers v) Loader vi) Seismopactor .

The machinery shall be entirely in the custody of the KIDC. It shall be issued to the Contractor at the yard where they are stationed. The machinery will Not be allowed to leave the work area on any account. All machinery so hired will be entirely operated and maintained by the KIDC in consideration of the hire charges to be paid by the contractor. If any equipment is to be used in excess of 8 (eight) hours per day, permission of the Engineer-in-Charge shall be obtained in advance. Reckoning of working hours will start from the time the machinery leaves KIDC yard, where it has return to it daily, and in other cases, when the machinery actually starts working. Closing time of working will be when it returns to the KIDC yard or actually ceases working for the day, respectively. Log books shall be maintained by the Engineer or his authorized representative for each piece of equipment in the form laid down by the Engineer. The Contractor or his duly authorized agent shall verify and sign in the log book or on the machinery duty slip in lieu thereof, daily. If the contractor's representative fails to sign the log book, the entries made by the KIDC's representative shall be binding on the contractor. Any complaint or representation regarding the recorded working hours must be submitted in writing within 24 (twenty four) hours of the close of the shift. The Engineer's decision regarding such disputes pertaining to working hours shall be final and binding on the contractor. Complaints or representations made after lapse of 24 (twenty four) hours limit shall Not be considered. The log books shall be provided by the KIDC.

All expenses in respect of all oil, fuel, grease, cotton waste etc. shall be borne by the KIDC. Crew for operating the equipment shall be provided by the KIDC.

All minor and major repairs shall be carried out by the KIDC, to keep the equipment in working condition. However, in case of any breakage, damages, slips etc. which may occur due to the negligence of contractor's labour, equipment or staff or by reason, for which KIDC personnel are Not responsible, the cost of such damages shall be recovered from the contractor. The decision regarding fixing of responsibility for any damages shall rest with the Engineer-in-Charge and decision given by him shall be binding on the contractor. Equipment shall be given on hire only when these can be spared. No claim on account of sickness or Non-availability of machinery shall be entertained.

In case of damage to the equipment during haulage to site of work from KIDC stores or servicing yard, full cost of repairs shall be recovered from the contractor when damage is due to rough handling. That damage to trucks / tippers due to bad haulage roads will also be recovered from the contractor. Decision of the Engineer-in-Charge regarding of repairs and cause of damage shall be final and binding on the contractor.

A truck, tipper, tanker and any other equipment may be hired for a single day at a time and the minimum charges to be levied will be 8 (eight) hours plus mileage or for 8 (eight) hours when mileage is Not applicable.

**Contractor**

**No. of Corrections**

**Executive Engineer**

Compressor and concrete mixers shall Not be hired for less than a day time and minimum charges for hire will be that for four hours per day. Crusher shall Not be hired for a period less than a month, at a time, and the minimum charges for hire will be those for 25 (twenty five) days and 8 (eight) hours per day.

**17. Bills and Payments:**

1) Two running payments in a month are permitted. First bill shall be submitted by the contractor by 10th day of the month, payment of this bill shall be effected as stated in clause 10 of B-I form. Second bill if necessary shall be submitted by the contractor by the 25th day. Payment therefore shall be effected as stated above. Non-submission of the bills on scheduled dates will absolve the corporation of the liability to make payment.

2) The format of running bill on which the bills are not submitted by the contractor will be supplied to the contractor by the Corporation. Printed copies of the bill forms as per this format shall be arranged by the contractor at his cost. The bills in five copies shall be submitted to the concerned Deputy Engineer, in the standard proforma only.

**18. Security deposit- No interest will be payable on the security deposit accumulated from deduction from running account bill from time to time.**

**18(A). No interest on money due to the contractor:**

No omission by the engineer to pay the amount due upon measurement or otherwise shall vitiate or make void the contract nor shall the contractor be entitled to interest on any guarantee bond or payment in arrears nor on any balance which may on the final settlement of his account be found due to him.

**19. Other Contractor for the work:**

KIDC has the right to split-up the project work detailed in the Work and Site Conditions, into distinct items and this contract shall apply only to those items which shall have been specified in this contract. Should KIDC enter into agreement with other contractors for specified items of the project work, each contractor shall co-operate with others to the fullest extent and shall allow others every facility and cooperation for execution of their works simultaneously and satisfactorily as intended in the designs, specifications and drawings. Should there be a dispute or disagreement between the contractors for any cause whatsoever, the same shall be referred to the Engineer-in-charge whose decision regarding the coordination, cooperation and facilities to be provided by any of the contractors to others shall be final and binding on all parties and such a decision or decisions shall Not vitiate any contract Nor absolve the contractor of his responsibilities under the contract Nor form the grounds for any claim of compensation.

**20. Contract Documents and matters to be treated as confidential:**

Contractor

No. of Corrections

Executive Engineer

All Documents correspondence, decisions and other matters concerning the contract shall be considered as of confidential and restricted nature by the contractor and he shall Not divulge or allow access thereto to any unauthorized person.

**21. Access to the Contractor's Books**

Whenever it is considered necessary by the Engineer-in-charge to ascertain the actual cost of execution of any particular item of work or supply of plant or material he shall direct the Contractor to produce the relevant Documents such as payrolls, records of personnel, invoices off materials and any and all other data and Documents relevant to the item or necessary to determine its cost etc. and the contractor shall when so required furnish information, pertaining to the aforesaid items in the mode and manner that may specified.

**22. Breach on part of KIDC Not to Annul Contract**

No breach or Non-observance on the part of KIDC of any of the conditions contained herein shall annul this contract or discharge the Contractor from the observance and performance thereof, but on application to the Engineer-in-charge, an extension of time may be given to the Contractor in respect of such breach or Non-observance by the KIDC, which shall be governed by Clause 6 of B- 1 form. The Contractor shall Not, however, be entitled to consideration or any extension of time for any item of the work unless the contractor shall have made an application in writing to the Engineer-in-charge within one month of the arising of the cause needing such extension, but the Engineer-in-charge may waive the condition regarding this period of one month which shall be conclusive.

**23. A. Local Laws**

All local laws in force at the time of entering into the contract and those enacted thereafter shall be binding on the Contractor and he shall abide by the same.

**23.1 B. Taxes etc.**

All import and excise duties, sales tax, local panchayat tax and other taxes shall be borne by the Contractor and they shall be deemed to have been covered by his quoted tender rates, except that the contractor shall Not be liable to any land tax for the land handed over to him for the operation in connection with this contract or for his colony or appurtenant works constructed by him for the purpose of this contract. The contractor shall also be liable to all relevant provisions of the Indian Income Tax Act which may be applicable to him from to time. The contractor shall protect and indemnify KIDC against all claims or liabilities arising from or based on the violation of such laws, ordinances, regulations, bylaws by him or his employee.

**24. Personnel of the Contractor:**

Contractor

No. of Corrections

Executive Engineer

The Contractor shall, at all times, maintain on the work, a staff of duly qualified engineers and supervisors of sufficient experience of similar other jobs, to assure that the quality of work turned out shall be as intended in the specifications. The Contractor shall also maintain at the work a Works Manager of sufficient status, experience and office, and duly authorize him to deal with all aspects of the day to day work. All communications to and commitments by this Works Manager shall be absolutely binding on the Contractor. The Contractor shall supply to the Engineer- in-charge details of names, qualifications and experience in regards to all supervisory staff employed by the Contractor and Notify changes when made, and satisfy the Engineer-in- charge regarding the quality and sufficiency of staff thus employed. The Engineer-in-charge will have the unquestionable right to ask for changes in the quality and No of contractor's staff. The contractor shall on the written directives of the Engineer-in-charge, remove from the works any person employed thereon who may in the opinion of the Engineer-in-charge be incompetent or has misconducted himself. Such person shall Not be employed again, on the work, without the written permission of the Engineer-in-charge. The contractor shall have to submit information regarding proof of payment of Professional Tax and the clearance certificates in format vide Appendix 'H'.

**25. Death, Bankruptcy etc.:** If the contractor shall die or commit any act of bankruptcy or being a KIDC, commences winding up except for reconstruction purposes or carry on its business under a receiver, the executors, successors or other representatives in law of the estate of the contractor or any such receiver, liquidator or any person whom the contract may become vested shall forthwith give Notice thereof in writing to the KIDC and shall for one month, during which he shall take all reasonable steps to prevent a stoppage of work, have the option of carrying out this contract subject to his or their providing such guarantee as may be required by the KIDC, but Not exceeding value of the work for the time being remaining unexecuted. In the event of stoppage of work, the period of the option under this clause shall be fourteen days only. Should the above option be Not exercised, the contract may be terminated by KIDC, by a Notice in writing to Contractor or his successor. The power and provisions reserved to KIDC in this contract of taking of the work out of the Contractor's hand shall immediately become operative. Copy of such Notice shall be pasted on work site and advertised in newspaper.

**26. Notices, How to be given:**

Where any legal or other Notice or any other Documents or any other direction is to be given to or served upon the Contractor, it shall be deemed to be duly given or served, if it shall have been either delivered to him personally or to his recognized agent or Works Manager (including in the case of Company, the Secretary of Such Company) or delivered at or sent through the post, addressed to the last kNowN plakhe of business, or abode of the Contractor, a Notice or other Documents which shall be so given to or so served on any one of the partners in such firms, shall be deemed to have been given or served on all of them.

**27. Work Order Book:**

The contractor shall maintain bound work order book at work site as the Engineer- in-charge may direct. This work order book shall have machine Noed pages in triplicate. The contractor shall make them available to the Engineer-in-charge or his representative, whenever called for. Executive Engineer or his representative may record order about works, in this book leaving the original copy in the book and removing the second and third copy with him. The contractor or his authorized representative, shall also sign this work order, in token of it's acceptance. All orders recorded in these work order book, shall be deemed to have been served on the contractor. On completion of the work all the work order books may be handed over to the Executive Engineer. In the event of refusal of the Contractor's representative on the spot to sign the work order book, Engineer-in-charge shall take the necessary further steps in respect of further communication and control, modification or stoppage of work as deemed fit at the entire responsibility of the contractor.

**28. Passing of Foundation etc.:**

After the completion of the work of excavation, the same will be checked and passed by the Executive Engineer. No masonry or concert or back filling Shall be laid unless the foundation is So passed. No concerting shall commence unless the centering and the reinforcement is checked and passed by the Engineer-in-charge.

**29. Reference to Standard Specifications:**

The specifications of the work as enclosed with this contract Documents are drawn with a specific reference to site conditions and do Not everywhere include the details of the standard tests and procedures which are already laid down and available in the current Indian Standard Specifications. Wherever such details are Not specified in this contract, the provision under current Indian Standard Specifications and / or the Standard Specifications (1970) of the Government of Maharashtra shall be deemed to be applicable.

**30. Communication and Notices by Contractors:**

All communications and / or Notices pertaining to works and concerning matters, such as passing and approving of foundations, reinforcement and formwork, measurements, mark outs, etc. shall be addressed by the Contractor to the Engineer-in-charge. All such Notices communications, etc. shall be addressed in good time so as Not to hold up the work.

**31. Non-Compliance of Contract Conditions:**

If the contractor shall neglect or fail to proceed with the works, with due diligence or he violates any of the provisions of the contracts the Engineer-incharge may give Notice to the contractor, indentifying deficiencies in performance and demanding corrective action. The Engineer-in- charge, shall also clearly state in the Notice the nature of action, that shall be taken, if contractor fails to fulfill by

Contractor

No. of Corrections

Executive Engineer

necessary corrective action. Depending on nature of default the Engineer-in-charge at his discretion, shall have two options, regarding action to be taken incase of default by contractor. He shall withhold any of the payments due to the contractor or shall terminate the contract in whole or in part. But Engineer-in-charge shall, clearly mention in his Notice, the action that shall be taken if the contractor fails to take the corrective action. The period of 14 days shall be given to the contractor to take such corrective action after the issue of such Notice. No claims, for compensation of any sort, from contractor will be entertained for withholding the bills indefinitely till specified requirements are complied with by the contractor. After the issue of the Notice about default by the contractor the contractor shall Not remove, from the site any plant, equipment and materials. The KIDC shall have a lien on all such plants, equipments and materials, from the date of such Notice, till deficiencies have been corrected.

**32. Extra Items:**

Extra items of work shall Not vitiate the contract. The Contractor shall be bound to execute extra items of work as directed by the Engineer-in-charge. The rates for extra items will be governed by the provisions of clause 14 and 30 of conditions of contract. As per Govt. WRD Circular Marathi No. लेप अ ६०१३/(४१०/२०१३)/ मोप्र-१

दि. २८/११/२०१३

**33. Price Variation:**

If during the operative period of the Contract as defined in condition (i) below, thereis any variation in the Consumer Price Index (New Series) for industrial workers for **Sindhudurg** centre as per the Labour Gazette published by the Commissioner of Labour Government of Maharashtra and/or in the Whole- sale Price Index for all commodities, prepared by the office of Economic Adviser, Ministry of Industry, Government of India, or in the price of petrol/oil and lubricants and major construction materials like bitumen, cement, steel, various types of metal pipes etc., then subject to the other conditions mentioned below, price adjustment on accountof

- (1) Labour Component - 18 %
- (2) Material Component - 70 %
- (3) Petrol, Oil and Lubricants (POL) components - 12 %

Calculated as per formula hereinafter appearing, shall be made. Apart from these, No other adjustments shall be made to the contract price for any reasons whatsoever component percentages as given below are as of the total cost of work put to tender excluding star rate items. Total of Labour, Material & POL components shall be 100 and other components shall be as per actual.

- |  |   |      |
|--|---|------|
| 1) Labour Component - <b>K1</b>                      | - | 18 % |
| (2) Material Component - - <b>K2</b>                 | - | 70 % |
| (3) Petrol Oil and Lubricants components - <b>K3</b> | - | 12 % |

Basic Star Rate for Materials:-

- (i) Cement :- Rate Rs. 4607.80/ MT (without GST)
- (ii) Steel - JPC Market price Retail As on 1/1/2023 :- Rate Rs. 59855.90/ MT (without GST)

**NOTE :-** 1) If particular component is not relevant same shall be deducted  
2) The royalty charges insurance charges, and labour welfare cess deducted while calculate value of P.

**1. Formula for Labour Component- (Excluding bitumen, steel and cement, Royalty charges, Insurance charges, Labour welfare cess)**

$$V1 = 0.85 \times P \times [K1 / 100] \times [L1 - L0 / L0]$$

Where,

V1 = Amount of price variation in Rs. to be allowed for Labour Component.

P = Cost of work done during the quarter under consideration (Excluding royalty of materials) minus the cost of Cement, HYSD and Mild Steel and M. S. Plate. calculated at the basic star rates as applicable for the tender, consumed during the quarter under consideration.

K1 = Percentage of Labour Component as indicated above.

L0 = Basic consumer price index for **Mumbai** center shall be average consumer price index for the quarter preceding the month in which the last date prescribed for receipt of tender falls.

L1 = The average consumer price index for **Mumbai** center for the quarter under consideration.

**2. Formula for Material Component- (Excluding bitumen, steel and cement, Royalty charges, Insurance charges, Labour welfare cess)**

$$V2 = 0.85 \times P \times [K2 / 100] \times [M1 - M0 / M0]$$

Where,

V2 = Amount of price variation in Rs. to be allowed for materials component. P =

Same as worked out for labour component.

K2 = Percentage of Materials Component as indicated above.

M0 = The basic wholesale price index for shall be average wholesale price index for the quarter preceding the month in which the last date prescribed for receipt of tender, falls.

M1 = Average wholesale price index during the quarter under consideration.

**3. Formula for Petrol, Oil and Lubricant Component (Excluding bitumen, steel and cement, Royalty charges, Insurance charges, Labour welfare cess)**

$$V3 = 0.85 \times P [K3 / 100] \times [P1 - P0 / P0]$$

Where,

V3 = Amount of price variation in Rs. to be allowed for P.O.L. Component. P = Same as worked out for labour component.

K3 = Percentage of Petrol, Oil and Lubricant Component.

P0 = Average price of H.S.D. at Mumbai during the quarter preceding the month in which the last date prescribed for receipt of tender, falls

P1 = Average price of H.S.D. at Mumbai during the quarter under consideration.

**4. Formula for H.Y.S.D. and mild Steel Component: / Tor Steel ) / Star Rate Rs. 59855.90 / MT (without GST)**

$$V4 = S0 (SI1 - SI0) / SI0 \times T \text{ (Use relevant rate for both types of Steel)}$$

V4 = Amount of price variation in Rs. to be allowed for HYSD / Mild Steel component.

S0 = Basic rate of HYSD / Mild Steel in Rs. per metric tone as considered for working out the value of P.

SI1 = Average steel index as per RBI Bulletin during the quarter under consideration.

SI0 = Average steel index as per RBI Bulletin for the quarter preceding the month in which the last date prescribed for receipt of tender, falls.

T = Tonnage of steel used in the permanent works for the quarter under consideration.

**5. Formula for cement component : Star Rate Rs. 5400/ MT (without GST)**

$$V5 = C0 (CI1 - CI0) / CI0 \times T$$

V5 = Amount of price escalation in Rs. to be allowed for cement component.

C0 = Basic rate of cement in Rs. per metric tonne as considered for working out the value of P.

CI1 = Average cement index published in the RBI Bulletin for the quarter under consideration.

CI0 = Average of cement index for published in the RBI Bulletin for the quarter preceding the month in which the last date prescribed for receipt of tender, falls.

T = Tonnage of cement used in the permanent works for the quarter under consideration.

**6. Formula for Steel Plates: / Star Rate - CC / MT (without GST)**

$$V6 = Sp0 (Slp1 - Slp0) / Slp0 \times T$$

V6 = Amount of price variation in Rs. to be allowed for steel plate component.

Sp0 = Basic rate of steel plates in Rs. per metric tone as considered for working out the value of P.

Slp0 = Wholesale Price Index ( Mild steel - flat products ) 28 days preceding the date of opening of bids as published by the Ministry of commerce and Industry, Govt of India, New Delhi.

Slp1 = Wholesale price Index ( Mild steel - flat products ) for the quarter under consideration.

T = Tonnage of steel used in the permanent works for the quarter underconsideration.

**(B) The following conditions shall prevail:**

- i) The Operative Period of the contract shall mean the period. Commencing from the date of the work order issued to the Contractor and ending on the date on which the time allowed for the completion of the work specified in the Contract for work expires, taking into consideration the extension of time, if any, for completion of the work granted by Engineer-in-charge under the relevant clause of the conditions of contract in cases other than those where such extension is necessitated on account of default of the contractor. The decision of the Engineer-in-charge as regards the Operative Period of the contract shall be final and binding on the contractor. Where any compensation for liquidated damages is levied on the contractor on account of delay in completion or inadequate progress under the relevant contract provisions, the price adjustment amount for the balance of work from the date of levy of such compensation shall be worked out by pegging the indices L1, M1, C1, P1, B1, S/1, and C/1 to the levels corresponding to the date from which such compensation is levied.
- ii) This Price variation Clause shall be applicable to all contracts in B1 / B2 and C form but shall Not apply to piece works. The price variation shall be determined during each quarter as per formula given above in this Clause.
- iii) Price Variation under this Clause shall Not be payable for the extra items required to be executed during the completion of work and also on the excess quantities of items payable under the provisions of clause 38/37 of the contract, from B1/B2 respectively. Since the rates payable for extra items or the extra quantities under clause 38/37 are to be fixed as per current Schedule of rates or as mutually agreed subject to yearly revision till completion of such work. In other words, when the completion /execution of extra items as well as extra quantities under clause 38/37 of the Contract form B1/B2 extends beyond the operative date of the prevailing schedule of rates, than rates payable for the same beyond the date shall be revised with reference to the current schedule of rates prevalent at that time on year to year basis or revised in accordance with mutual agreement thereon, as provided for in the contract, whichever is less.
- iv) This clause i.e. operative both ways, i.e. if the price variation as calculated above is on the plus side, payment on account of the price variation shall be allowed to the Contractor and if it is on the negative side the Government shall be entitled to recover the same from the contractor and the amount shall be deductible from any amounts due and payable under the contract.
- vii) To the extent that full compensation for any rise or fall in costs to the Contractor is Not entirely covered by the provision of this or other Clauses in the Contract, the unit rate and prices included in the Contract shall be deemed to include amounts to cover the contingency of such other actual rise or fall in costs.

vi) ~~(Quarter under consideration means a period of three calendar months starting from January i.e January to March, April to June, July to September and October to December.~~

**34. Co-ordination with other contractors:**

The contractor should Note that there will be other agencies including KIDC, working in the same area for works other than that included in this contract. The contractor shall co-operate with these agencies to the fullest extent and shall allow them reasonable facility and co-ordination for execution of work, simultaneously and satisfactorily as intended in the contract conditions, specifications and drawings.

Should there be a dispute or disagreement between the contractor and other agencies for any cause whatsoever, the same shall be referred to the Engineer-in-charge whose decision regarding Co-ordination and facilities to be provided by all the contractors to others shall be final and binding on all parties and such decision shall Not vitiate any contract or absolve the contractor of his responsibility under the contract, and shall Not form ground for any claim or compensation.

**35. Undertaking under Contract Labour Act:**

The contractor shall furnish the undertaking towards implementation of Contract Labour Act as given in Appendix - 'F'.

**36. Photographs of the Works:**

The contractor will Not be allowed to take photographs showing field work or the general location of the work. The Engineer, may however, at his discretion, allow afew construction photographs to be taken for the purpose of the contractor's record. Prior approval of the Engineer-in-charge should be obtained in such cases and also in case such photographs are to be exhibited in public literature and calendars. etc., in all such cases, negatives of the photos shall be submitted to the Engineer, after taking approved No of copies and the negative will become the absolute property of the KIDC.

**37. Fencing, Lighting and Ventilation:**

- a) The Contractor shall be responsible for the proper lighting, fencing, guarding and necessary health and safety measures while executing all works under this contract and for proper provision of temporary roadways, guards, footways, fences, caution Notices etc., as far as the same may be rendered necessary by reasons of the work, for the accommodation of workmen, foot passengers or other traffic and of owners and occupiers of adjacent property and of the public and shall remain

responsible for any accidents that may occur on account of his failure to take proper and timely precaution.

- b) Maintenance of Services- After all the work under this contract is completed and accepted as such, in case the Engineer-in-charge so directs, the contractor shall maintain the lighting, ventilation, communication facilities etc. upto a date determined by the Engineer-in-charge, but Not longer than for a period of twelve months. All reasonable charges for such maintenance otherwise Not required by the Contractor for his purposes under the contract will be borne by KIDC. As regards the reasonableness of such charges, the decision of the Engineer-incharge shall be final and binding on the Contractor.

**38. Maintenance of Services:**

After all the work under this contract is completed and accepted as such in case the Engineer-in-charge so directs ,the contractor shall maintain the lighting, ventilation communication facilities etc. up to a date determined by the Engineer- in-charge, but not longer than for a period of twelve months .All reasonable charges for such maintenance otherwise not required by the Contractor. As regards the reasonableness of such charges, the decision of the Engineer-in- charge shall be final and binding on the Contractor.

**39. Liability for accidents to persons:**

It shall be contractor's responsibility to protect against accidents on the work site. He shall indemnify the KIDC against any claims for damage to the property, injuryto workers or any other persons including KIDC staff working at the site of work, deaths etc.

On the occurrence of an accident resulting in death or which is so serious as to be likely to result in death, the contractor shall within 24 hours, report in writing to the Engineer-in-charge, the facts stating clearly about the circumstances in which accident has occurred and the subsequent action taken. Other minor accidents causing minor injuries and loss to property should be communicated in writing, promptly to the Engineer-in- charge. In all cases the contractor shall indemnify the KIDC against all losses or a damage resulting directly or indirectly from the contractor's failure to report in the manner aforesaid. This includes penalties or fines if any, payable by the Government as a consequence of failure to give Notice under the Workmen's Compensation Act or failure to confirm to the provisions of the said Act in regard to such accidents.

In the event of accident in respect of which compensation may become payable under the Workmen's Compensation Act VIII, of 1923 including all subsequent modifications thereof, Engineer-in-charge may retain the sums of money as may in the opinion of Engineer-in-charge be sufficient to meet such liability out of theamounts payable to the contractor. These sums shall be recovered from the immediate payment due to the contractor in one installment or in more than one installment. The decision of the Engineer-incharge regarding this shall be final and

binding on the contractor. On receipt of award from the Labour Commissioner, the balance amount shall be reimbursed to or recovered from the contractor. It should be Noted that though the KIDC is a Principal employer, the complete responsibility of compensation shall be on the contractor.

**40. The contractor to supply and be responsible for the sufficiency of the means employed:**

The Contractor shall supply & take upon himself the entire responsibility of the sufficiency of the scaffolding, timbering, machinery, tools, implements and generally of all the means irrespective of whether such means may or may Not have been approved of or recommended by the Engineer-in-charge and the Contractor must accept all risks of accidents or damages from whatever cause they may arise, until the completion of this contract.

**41. Covering of work:**

The Contractor shall give Not less than five days Notice in writing to the Engineer- in-charge of the work which is proposed to be covered up or plakh ed beyond the reach of measurements so that the measurements may be taken before the work is covered up or plakh ed beyond the reach of measurements. No work shall be covered up or plakh ed beyond the reach of measurements, before ensuring that the measurements of work to be covered up are recorded. Any work covered up or plakh ed beyond the reach of measurements without such Notice having beengiven or consent obtained the same shall be uncovered at the Contractor's expenses and in default thereof No payment or allowances shall be made for such work or for materials with which the same was executed.

**42. Quantities of work:**

The quantities of work under the various items in the Schedule "B" Part I Schedule of Quantities and Bid Rates as estimated by the Corporation ; have been provided as could be reasonably anticipated and should be taken as indicative only. The amount of work will depend upon the actual conditions that will be encountered in the construction and the results of detailed designs which will continue to be refined as more field data and information comes to hand. If the work is started by the corporation, the quantities put to tender shall be reduce to the extent the work is done by Corporation upto the date of starting the work by the contractor. No claims due to reduction in quantity on this account will be entertained.

**43. Accuracy of lines, levels and Grades Setting Out:**

- a) The contractor shall be responsible for the true and proper setting out of the work and for the correctness of the positions, levels, dimension, alignment of all parts of the work and for the provisions of all necessary instruments, appliances and labour in connection with this.
- b) For the purpose of setting out, one temporary / permanent bench mark shall be established by the KIDC near the site, the value of which shall be given to the

Contractor

No. of Corrections

Executive Engineer

contractor, by the Engineer-in-charge. All the setting out shall be with reference to this benchmark and reference line.

- c) If at any time during the progress of works the error shall appear or arise in the position, level, dimension or alignment of any part of the work, the contractor shall rectify such error to the satisfaction of Engineer-in-charge without any extra cost to the KIDC.
- d) The periodical checking of these by KIDC staff shall Not absolve the contractor of his responsibility regarding accuracy as contractor is also responsible to see that the things proceed in such a manner so as to give desired ends product. In case of deviation, the contractor shall make good to the discrepancy at his own cost and without any compensation for the additional work involved. Wherever such discrepancies, if any, are found to arise between the works of different contractors at the junction of their works the relative liability to set right their respective discrepancies shall be fixed by the Engineer-in-charge, whose decision shall be final and binding on the contractors concerned. The Engineer -in-charge shall further have the unquestioned right to rectify the discrepancies and recover the costs from the contractor or contractors according to proportions as he may consider reasonable.
- e) It is the responsibility of contractor to preserve the benchmark and the reference points established for setting out.

#### **44. Excavated Material:**

All the materials available from excavation will be the property of KIDC and shall be disposed off only as directed by the Engineer-in-charge. The materials of approved quality available from the excavation including that carried out by the KIDC may be used by the contractor in the items of works included in Schedule 'B' or for ancillary or preparatory work free of cost. However, the contractor has to pay Royalty charges to Revenue dept. as per prevailing Government orders. Prior approval of Engineer-in-charge for such use shall, however, be taken. The contractor shall make proper arrangement for sorting out and stacking material of approved quality that he proposes to use as aforesaid. KIDC will be free to make use other materials Not required or Not likely to be required for use by the contractor as will be determined by the Engineer-in-charge.

The excavated material Not to be used by the contractor as above or stacked for his use, but remaining unused at site after completion of works, shall be disposed off by the contractor at his own cost in a manner and at place shown in the drawing or as and where the Engineer-in-charge may direct. The contractor should utilise material available from excavated stuff for backfilling.

#### **45. Safety Measures:**

The contractor shall arrange for utmost safety in his operations. In case the contractor fails to make requisite arrangements the Engineer-in-charge shall be entitled to cause them to be provided and to recover the cost thereof from the contractor. The following are some of the measures listed, but the same are Not exhaustive and the contractor shall add to and suggest these precautions on his

Contractor

No. of Corrections

Executive Engineer

own where necessary and should comply with the directions issued by the Engineer-in-charge in this behalf from time to time and at all times.

Providing protective head guard to workers in the works like deep excavation, underground works etc. to protect them against fall of overburden materials.

Getting the workers in such jobs periodically examined for chest trouble due to too much breathing in fine dust.

Taking such Normal precaution like fencing and lighting to excavations or trenches, Not allowing, nails or metal parts or useless timber spread around, marking danger area for blasting, whistles etc.

Providing sufficient suitable and safe accesses to all work spots including ladders, gangways, platforms, etc. avoiding naked wires etc. such would electrocute the workers. Taking necessary steps towards training the workers concerned on the use of machinery before they are allowed to handle them independently and taking all necessary precautions in and around areas where machines, hoists and similar units are working.

**46. Maintenance during defect liability period:** After the works are completed in all respects in accordance with the contract conditions a completion certificate will be issued by the Engineer-in-charge. From the date of issue of the completion certificate, till the expiry of period of defect liability, the Contractor shall be liable for the replacement of any part of work found to be defective from the causes arising from faulty materials or workmanship or other causes, the Contractor is responsible.

**47. Sundays and Holidays:**

No work shall be done on weekly , local holidays or on other Government holidays duly gazetted or on holidays observed by local usage without the prior sanction of the Engineer-in-charge. Withholding of such sanction shall Not form any grounds for compensation or extension of time limit. If on the other hand, the Engineer-in- charge directs that the work shall be proceeded with on days and during hours otherwise Not permissible under this contract, the contractor shall proceed with the works as directed, without, in any way violating this contract or forming any grounds for compensation or claim. The Contractor shall, in his dealing with labour at all times during the period of this contract, have due regard to local festivals, religious and other customs.

**48. Bank Guarantee, Renewal & Encashment:**

Bank guarantee shall be given on the stamp paper of Rs.500/- in the form prescribed by the KIDC. The bank guarantee shall be valid for the entire period of contract plus extension of work period. In case the contract period is extended it will be the responsibility of the contractor to get validity of Bank Guarantee extended in

view of extension proposed, without which extension will Not be granted. The Engineer-in-charge of the KIDC reserves the right to encash the bank guarantee in the event of breach of any of the term and condition of the contract and failure to perform as per contract. The Executive Engineer is empowered to approach to the Bank for encashment and may take recourse to approach Reserve Bank of India's Vigilance Branch and 'Ombudsman' as found necessary.

**49. Handing over of work:**

All the work and materials, before finally taken over by KIDC will be the entire liability of the contractor for guarding, maintaining and making good any damages of any magnitude. Interim payments made for such work will Not alter this position. The handing over by the contractor and taking over by the Executive Engineer or his authorized representative will be always in writing of which copies will go to the Executive Engineer or his authorized representative and the contractor. It is however, understood that before taking over such work, KIDC will Not put it into regular use as distinct from casual or incidental one, except as specifically mentioned elsewhere or as mutually agreed to

**50. Instrumentation:**

In case, it is proposed to have any instrumentation in work, the instruments and their accessories will be procured and installed by the KIDC as per programme framed by the Engineer-in-charge. Care should be taken by the Contractor to protect these instruments as well as their connections during various construction operations. The contractor shall also extend all facilities for installation and observation of these instruments. All the operations required for facilitating the installation of the instruments shall stand included in the relevant items of tender. No claim, however shall be entertained due to any delay or obstruction that might be created due to installation or observation.

**51. Inspection of Works:** The Engineer or his duly authorized representative shall have at all times full power to inspect the work whenever in progress either on the site, in the contractor's premises or the work site. Further, contractor shall Not without written authorization, permit entry on site of work of any person except authorized representative of the KIDC or the Engineer or the contractor's staff and labour directly engaged on and in connection with the work.

The contractor shall, at his cost, provide all necessary facilities for proper inspection and supervision of the work, gangways, platforms, scaffolding and ladders, etc., of suitable dimensions and sufficiently strong at appropriate locations and all accesses to passages etc. shall be well lighted and maintained in good order. The Engineer's decision about the sufficiency and adequacy thereof shall be final.

The contractor shall, during working hours, maintain supervisor of sufficient training and experience to supervise various items and operations of the work and the said supervisors shall remain present during inspections of the Engineer. All orders and directions given to such supervisors or other staff of the contractor shall be deemed to have been given to the contractor directly. Further the Engineer may,

Contractor

No. of Corrections

Executive Engineer

by due Notice to the contractor, to be present on any specified inspection and the contractor shall comply with such directions.

**52. Opening out works for Inspection:**

Should the Engineer-in-charge consider, if necessary in order to satisfy himself as to the quality of work the contractor shall at any time during the continuance of the contract pull down or cut into any part of the work and make such openings into and to such an extent through the same as the Engineer-in-charge may direct and the contractor shall make good the same at his cost and to the satisfaction of the Engineer-in-charge.

**53. Removal of imperfect work and / or payment at reduced rates:**

If it shall appear that the work has been executed with unsound, imperfect or of an inferior quality or otherwise Not in accordance with the contract Documents the contractor shall at his own cost rectify, reform, remove or reconstruct the same, wherein whole or in part as may be, directed by the Engineer-in-charge, whether or Not, the value of any such work or material shall have been included in any payment made to the contractor. The decision of the Engineer-in-charge shall be final and binding on the contractor. The Executive Engineer may, if he thinks fit, allow such work to be paid at reduced rates approved by the Superintending Engineer whose decision will be final and binding, provided further that the rates fixed by the Superintending Engineer, be Not acceptable to the contractor, he shall have the option to replakh e the defective work or materials with ones in accordance with the specified standards.

**54. JURISDICTION OF COURT FOR DISPUTES:**

Disputes if any, arising out of his contract shall be subject to the jurisdiction of the High Court of Bombay.

~~**55. MODE OF PAYMENT OF THE QUANTITIES OF PIPELINE, VALVES & HYDRAULIC TESTING ITEMS EXECUTED IN EXCESS OF 125% :**~~

~~1) In case of items of Polyethelene pipes, if quantity of any invidual diameter exceeds 125% of tender quantity. But if the total quantity of all diameters of Polyethelene pipes is not exceeding 125% of total tendered quantity of all diameters of Polyethelene pipes then the quantity exceeding 125% of individual item will be paid by tendered rate. No any prior approval is necessary.~~

~~But if the total quantity of all diameters of Polyethelene pipes is exceeding 125% of total tender quantity of all diameters of Polyethelene pipes then clause 38 of the tender will be applicable. And then the quantity more than 125% shall be executed only after sanction of competent authority.~~

~~2) In case of items of valves, if quantity of any invidual diameter exceeds 125% of~~

Contractor

No. of Corrections

Executive Engineer

~~tender quantity. But if the total tender quantity of all diameters of valves is not exceeding 125% of total tender quantity of all diameters of valves then the quantity exceeding 125% of individual item will be paid by tendered rate. No any prior approval is necessary. But if the total quantity of all diameters of valves is exceeding 125% of total tender quantity of all diameters of valves then clause 38 of the tender will be applicable. And then the quantity more than 125% shall be executed only after sanction of competent authority.~~

~~3) In case of items of Hydraulic testing of pipe line, if quantity of any individual diameter exceeds 125% of tender quantity. But if the total quantity of all diameters of Hydraulic testing of pipe line is not exceeding 125% of total tender quantity of all diameters of Hydraulic testing of pipe line then the quantity exceeding 125% of individual item will be paid by tendered rate. No any prior approval is necessary.~~

~~But if the total quantities of all items of Hydraulic testing of pipe line is exceeding 125% of total quantity of all items of Hydraulic testing of pipe line then clause 38 of the tender will be applicable. And then the quantity more than 125% shall be executed only after sanction of competent authority.~~

**56 MODE OF PAYMENT OF THE QUANTITIES OF EXCAVATION, MASONRY AND CONCRETE ITEMS EXECUTED IN EXCESS OF 125% :**

Clause No. 38 of B-1 Tender Form pertains to payment of quantities of different items of Schedule 'B' in excess of 125% of the tendered quantities. It is to be clarified that in the case of items of excavation in soft strata and hard strata, in the present tender, this clause will become applicable only if the total tender quantity of excavation in soft and hard strata (Total of all excavation items in Schedule-B) together exceeds by 125% during execution. For payment of quantity executed in excess of 125% of total quantity of excavation following procedure will apply:

**Case 1 :** Where quantity of excavation executed, exceeds 125% of total of tendered quantity of items of excavation in soft strata and in hard strata, but quantity executed of anyone of the individual items is less than or equal to the tendered quantity for that item. all the excess quantity beyond 125% of total tendered quantity in items of excavation in soft strata and hard strata ;will be paid by revising the rate of only that item where excess has occurred.

**Case 2 :** Where total quantity of excavation executed for both tems (excavation in soft strata and hard strata) exceeds 125% of the total tendered quantity of items of excavation, quantity in excess of 125% of total tendered quantity will be distributed in

**Contractor**

**No. of Corrections**

**Executive Engineer**

the Ratio of

$$\frac{\text{Executed quantity of individual item of excavation}}{\text{Total executed quantity of items of excavation in soft strata and hard strata}}$$

and will be paid by revising the rate of individual item, subject to the provision that the revision of rate will be applicable only for the quantity of individual item executed beyond the tendered quantity.

In case of executed quantity is less than 75% of the total quantity of excavation in soft strata and hard strata, these will be treated on similar lines as in case (1) and (2) above.

**Case 3 :** Where total quantity of all concrete items taken together exceeds 125% of the total tendered quantities of all concrete items, quantity in excess of 125% of total tendered quantity will be distributed in the Ratio of

$$\frac{\text{Executed quantity of individual item of concrete}}{\text{Total executed quantity of all concrete items taken together}}$$

and will be paid by revising the rates of individual item, subject to the provision that the revision of rate will be applicable only for the quantity of individual item executed beyond the tendered quantity.

In case of executed quantity is less than 75% of the total quantity of all concrete items taken together, these will be treated on similar lines as in case (1) and (2) above.

57. The contractor shall make arrangements to supply fuel for domestic use to all the labours engaged on site and prevent the labours from cutting trees for the purpose of fuel. If the contractor's labour found to cut the trees the contractor shall be held responsible for the same and shall be punished as per the provision in Forest Conservation Act, 1980.

**58. Royalty Charges**

Additional conditions regarding payment of royalty charges as per Bombay Minor Mineral Extraction (Amendment) Rules, 2003.

1. The royalty charges are to be paid by the Contractor to the Revenue authorities. This is the prime responsibility of Contractor as per Tender Cl. No.36
2. Amount as stated in clause 36 of the contract shall be withheld by KIDC / Government for the purpose of payment towards royalty charges. This amount shall be released to the contractor subject to the following conditions.
  - a) Contractor shall submit proof of the payment of the royalty charges to the concerned Revenue Authorities acceptable to the Engineer-in-charge.

- b) The total amount that can be released shall be limited to the actual payment made as mentioned in the condition (a).
- c) If the actual royalty charges are less than the amount withheld, remaining amount shall be released by the KIDC / Government.
- d) If the actual royalty charges are more than the amount withheld, the contractor shall pay the excess amount to the concerned Revenue Authority without any burden on the KIDC / Government.
- e) The contractor shall indemnify KIDC / Government towards payment of the royalty charges.

**59. ~~Excavation by Controlled Blasting and Chiseling:~~**

~~Excavation by Controlled Blasting and breaker is to be done as per specification.~~

**60. Shifting of electric line :**

In case shifting of electric line is necessary, Engineer-in-charge will initiate the proposals to concerned authorities. It will be the responsibility of contractor to make good for early clearance of the proposal so that there should Not be any delay in completion of the work. Contractor should pay the required cost of shifting these lines to the concerned authorities. The same will be reimbursed to the contractor by KIDC as per availability of funds.

**61 Defects Liability Period :-**

Within a period of defect(s) liability period" shall mean period for 24 months from the date of issue of completion certificate by Engineer-in-charge. If any repair due to defect in construction, the same will be carried out by the contractor at his own cost. The Security Deposit amount is only payable after completion of this period.

**62. No Claims for Delay in Payments :**

- 1) Payment will be made to the contractor as per availability of funds with KIDC . Contractor shall have to make himself well informed about the financial status of KIDC and also about funds availability status for this work.
- 2) Contractor shall Not claim any amount in view of condition No. 1 above for any delay in payments, increase in period of contract, interest, price index increase etc. Measurements shall be recorded in the same month when works are carried out. Contractor shall Not claim any price escalation based on basis of date of payment of the bill & price index on the date of measurement shall only be applicable irrespective of date of payment.
- 3) In case of financial crisis of any other reasons KIDC reserves the right to withdraw above works under contract clause No. 15.

**63. Quality Assurance and Testing****63.1 Specification**

It is the responsibility of the contractor to assure the desired quality of work. Whenever the testing of construction materials are required as per the detailed specifications or otherwise required by the Engineer-in-Charge, the same shall be carried out at the laboratory, selected by the Engineer-in-Charge at Contractor's cost. The other field tests of mortar, concrete, colgrout etc. shall be carried out as per specification in field laboratory set up by the contractor in presence of quality control representative. Contractor shall assure the quality of work.

In Additional to field test carried out by contractor in his laboratory, surprise test will be carried out by Q.C.C. wing as directed by Engineer-in-charge and as per Q.C.C. direction for which charges will be borned by contractor. The materials, mixes and any other arrangements, including labourers, shall be supplied by the contractor to the KIDC at contractor's cost. The samples for testing shall be taken in the presence of Engineer-in-Charge or his representative present on site.

The contractor or his authorized representative shall have a free access in these laboratories, to get himself satisfied about procedures of testing etc. Even if the contractor or his representative fails to remain present while collecting samples or testing the results will be considered as authentic and binding on the contractor.

**63.2 Mode of Payment of quality control test**

Contractor has to carry out quality control test as per specifications and as directed by Engineer in charge and quality control and vigilance organization of Govt.

- a) Contractor will have to conduct all required tests as per specification and directions of Engineer-in-Charge and quality control and vigilance organization of Govt.
- b) Contractor have to pay test charges to quality control labs.
- c) Reimbursement for payment done by the contractor for quality control tests is applicable only for the tests carried out in Govt. of Maharashtra W.R.D. labs.
- d) Contractor will have to produce the proof of payment made by him to quality control labs of W.R.D. for reimbursement

**64. Insurance Charges:-**

- 1) Insurance charges are to be paid by the contractor to the "Director of Insurance Maharashtra State, Mumbai"
- 2) Insurance amount will be released to contractor as per conditions mentioned below.
  - a) The contractor shall submit proof of Insurance Policies to the Engineer-In- Charge.
  - b) After verification of record submitted by the Contractor, the total amount that can be released shall be limited to the actual payment made as mentioned in condition(a).
  - c) If contractor does not produce insurance certificate then at the payment of 1st R.A. Bill the required of amount Insurance premium will be deducted. Deduction of insurance premium shall not relieve contractors

Contractor

No. of Corrections

Executive Engineer

responsibility to take insurance policy. Contractor shall be responsible for any mishap related to work.

**65. Labour welfare cess**

The amount of labour welfare cess at the rate of 1% will be recovered from contractor through every Running / final bill as per directions given by the Govt. of Maharashtra vide Marathi Resolution No. 'UDHYOG, URJA VA KAMGAR VIBHAG SHASHAN NIRNAY KRAMANK B. C. A. 2009 / PRA. KRA. 108 / KAMGAR 7A , DINANK-17 JUNE 2010"

**66. Quality and Material:**

The quality of workmanship produces by skilled knowledge and experienced workmen, mechanics and artists is; required for the work. Particular attention shall be given to the appearance and finish of exposed work. The decision of the Engineer with regard to the quality and adequacy of workmanship shall be final and binding on the Contractor.

All materials and equipment incorporated in the work shall be new .Equipment not covered by detailed suitable for the purchase intended and approved by the required quality and fitness of all materials and equipments.

The equipment to be supplied under this contract will be only from the Contractor documents or laid down specification shall be rejected immediately and removed forthwith from the site of work by the Contractor at his cost

If it shall appear that the work has been executed with unsound ,imperfect or of an inferior quality or otherwise not in accordance with the Contract documents ,or of an inferior quality, the Contractor shall at his own cost rectify , reform ,remove or Engineer, whether or not the value of any such work of material shall have been included in any payment made to the Contractor. The decision of the Executive Engineer may if he thinks fit, allow such work to be paid at reduced rates and his decision, will be final and binding, provided further that the rules fixed by the Engineer, be not acceptable to the Contractor, he shall have the opinion to replace the defective or materials with ones in accordance with the specified standard.

In the event of an emergency where in the judgment of the Engineer delay would cause serious loss or damage. Repairs or adjustment may be made by the Engineer or a third party chosen by engineer without advance notice to the Contractor and the cost of such work shall be paid by the Contractor or by the surety in the event such action is taken by the Engineer the Contractor will be notified promptly and he shall assist wherever possible in making the necessary corrections. This shall solve the Contractors liability under the terms and conditions of the contract.

The cost of any special or general overhaul rendered necessary during the operation

Contractor

No. of Corrections

Executive Engineer

period vide section 38 of Vol. II due to defects in the plant or defective work carried out by the Contractor shall be borne by the contractor.

In the case of these defective parts which are not repairing at site but are operation at the equipment the contractor and the Engineer shall mutually agree to a programme of replacement or renewal which will minimize extent in the operation of the equipment

.Decision of the Engineer in this respect shall be final At the end of the guarantee period ,the Contractors liability ceases except for latent defects in respect of goods supplied by sub-contractor. Where a longer guarantee ( more than 24 months )is provided by the sub-contractors, the Corporation shall be entitled to the benefit of such longer guarantee.

### **66.1 Concreting for structures**

- 1) Contractor shall not be allowed to use ordinary concrete mixer and volumetric batching of materials for concrete shall not be permitted.
- 2) Contractor shall be permitted to hire ready mix concrete plant for procuring concrete of required mix . Contractor have to take prior permission for use of RMC. plant from Engineer-in -charge and shall have to execute, triparty agreement between Engineer -in charge contractor &owner of RMC plant for Quality Control of RMC mix
- 3) Vibrator having 3000 RPM with 60/40/25 mm diameter needle.

### **66.2 Concreting & Formwork**

- 1) Suspended type centering by providing holes at the top of pier & abutment & inserting \_ steel girder for support shall not be permitted.
- 2) Centering with steel trussels or telescopic props for supporting deck slab and steel plates of minimum 1.65 mm (16 guage) thickness or high density plywood of suitable thickness comforting to IS : 4975 for supporting deck slab shall be permitted.
- 3) Formwork for piers & abutment shall be provided with high density plywood of suitable thickness supported with steel angle / plates for a height of 2.40 mt single lift of pier & abutment,. This formwork shall be supported with proper support system for maintaining its vertically or required slope.

### **66.3 Design Approval –**

Design for concreting of and formwork & centering systems with material being used for it , shall be got approved in advance from Engineer-in- charge,

### **66.4. Mix Design for concrete**

Contractor shall produce required material in suitable batches in advance as per work programme and obtain realistic concrete Mix Design from State Quality Control laboratory

- 66.5** Testing of materials shall de done from State Quality Control & Third party Quality Control agencies laboratory where facility for testing of particular material is not

Contractor

No. of Corrections

Executive Engineer

available at State Quality Control laboratory , testing shall be done at the laboratory recommended by Engineer in charge.

**66.6** Crushed sand (manufactured by VSI type crusher) can be used with prior permission of Engineer-in-charge. Proportion of crush sand shall be decided by the trials of mix design conducted in quality control labs of W.R.D. only.

**67 PAYMENT OF SERVICE TAX :-**

Currently the corporation is exempted from tax liability of service tax on cost of works of canal and dam. However in future owing to change in the service taxation policy, any liability arising there of shall be the liability of contractor and dues in any will be recovered from the payable amount under the contract and same shall be agreed by responsibility of the contractor.

**68. NO CLAIMS FOR DELAY IN PAYMENTS:**

1) Payment will be made to the contractor as per availability of funds with KIDC Contractor shall have to make himself well informed about the financial status of KIDC and also about funds availability status for this work.

2) Contractor shall not claim any amount in view of condition No. 1 above for any delay in payments, increase in period of contract, interest, price index increase etc. Measurements shall be recorded in the same month when works are carried out. Contractor shall not claim any price escalation based on basis of date of payment of the bill & price index on the date of measurement shall only be applicable

Irrespective of date of payment.

3) In case of financial crisis or any other reasons KIDC reserves the right to withdraw above works under contract clause No. 15.

**69. INSURANCE CHARGES:-**

Additional Condition regarding insurance charges as -

- 1) Insurance charges are to be paid by the contractor to the Director of Insurance Maharashtra State, Mumbai before 1st R. A. Bill.
- 2) Insurance amount will be released to contractor as per conditions mentioned below
  - a) The contractor shall submit proof of Insurance Policies to the Engineer-In-Charge before 1st R. A. Bill..
  - b) After verification of record submitted by The Contractor, the total amount that can be released shall be limited to the actual payment made as mentioned in condition (a).
  - c) If the actual insurance charges claimed are less than the provision made in the estimate, the amount shall be paid as per actual.

d) If the actual insurance charges claimed is more than the provision made in the estimate, than the amount shall be paid limited to provision made in the estimate.

**70. Labour welfare cess :**

The amount of labour welfare cess at the rate of 1% will be recovered from contractors running / final bill as per directions given by the Govt. of Maharashtra vide Marathi Resolution No.34००ग, उजद व क०मग०र वि०वभ०ग श०सन वि०नण०य ड० ब०स०ीर-2009/गुड.108/क०मग०र 7 अ वि०द. 17 जून2010..

**71. Test, Inspection And Rejection of Defective Materials And Works:**

The Contractor shall without extra cost provide samples and co-operate in the testing of materials and inspection of work .The Engineer shall have access at all times to the places where components are being manufactured for use under the Contract, to determine that manufacturer is proceeding in accordance with drawing and specification and the Engineer shall also have access at all times to the place of storage.

Further, Contractor shall not without written authorization, permit on site of work of any person except authorized representative of the Corporation or the Engineer or the Contractors staff and labour directly engaged on and in connection with the work.

**72.No claim after Geo Tagging**

After taking Geo -Tagging & site visit it is assumed that bidder is well know about the site condation . So the contractor has not entitled to claim extra lesd at the field site due to insufficient quantiti/ expected quality of minor minerals at field site, unavailability of labour extra lead due to extra hauling of material, non availability of construction materials, disposal etc.

**(Refer. Gove of Maharashtra, Water Resources Department/ Marthi Corrigendum Nivida 0417/File No.247/Mopra-1/Mantralaya Mumbai dated 05 July 2022)**

# **VOLUME -II**

# **SPECIFICATIONS**

**SECTION - 1**  
**GENERAL SPECIFICATION**

**1.0.0 Scope :**

The general specifications shall apply to all the items of Schedule 'B' under this Tender.

**1.1.0 GENERAL DESCRIPTION OF THE PROJECT:**

The information is given in Annex 'A' to Section I - Detailed Tender Notice.

**1.1.1 WORK AND SITE CONDITION:**

It shall be presumed that the contractor has fully informed himself as to the nature and locations of works, general and local conditions and particularly those having bearing on approaches to the site, location of stone and sand quarries, availability and transport of material, tools and plants machinery, disposal areas, availability of labour, weather conditions and river stages etc. and has estimated his cost accordingly. Corporation will bear no responsibility for any lack of such acquaintance with site conditions on the part of the contractor and the consequences thereof to the contractor. The information and data about site conditions shown in the drawings and mentioned herein is furnished as a rough guide only but Corporation will not be responsible for the accuracy thereof or for any deductions, interpretations and conclusions drawn therefrom by the contractor.

**1.1.2** Result of trial pits and exploratory bores taken along the canal axis are as shown in the drawings, The Corporation does not accept any responsibility for any variation in strata classifications found in actual excavations.

**1.1.3 CLIMATIC CONDITIONS :**

The information is given in Annex 'A' to Section - I - Detailed Tender Notice.

**1.1.4 LABOUR AVAILABILITY :**

Some local unskilled labour may be available during non agricultural season but skilled labour may not be available. Contractor must however make his own enquiries.

**1.1.5 LOCATION :**

The information is given in Annexure 'A' to SECTION- I Detailed Tender Notice.

**1.1.6 RAIL ROUTE :**

The information is given in Annexure 'A' to SECTION -I Detailed Tender Notice.

**1.1.7 ROADS :**

The information is given in Annexure 'A' to SECTION -I Detailed Tender Notice.

**1.1.8 WATER SUPPLY :**

Contractor

No. of Corrections

Executive Engineer

The Contractor will have to make his own arrangements for the water supply required for his work, staff and labour. He will have to provide all arrangement for making water potable and safe for drinking by his staff. Labourers and other dependents on Contractor's services. Disinfection of all drinking water by chlorination will be obligatory on the part of Contractor.

Fresh and potable drinking water shall be made available by the Contractor to all persons working at work spots in clean and hygienic earthen or other pots at all working places and in sufficient quantity.

**1.2.0 ELECTRIC POWER :**

Electric power, if required shall be arranged by the Contractor at his own efforts and cost and he shall have to make his own arrangements for laying, installation, maintaining the power lines etc. He should observe all requirements of the Indian Electricity Act. 1910, 1948. Indian Electricity Rules 1956, and rules in existence and framed from time to time, failure to which Corporation accepts no responsibility for any damage, injury or compensation.

**1.3.0 TELEPHONE AND TELEGRAMS :**

Nearest telephone and telegraph facilities are available at the places indicated in Annexure 'A' to SECTION - I of Detailed Tender Notice.

**1.4.0 COLONY:**

**ESTABLISHMENT OF COLONY:**

The contractor shall be allowed to construct his own colony for his workers and supervisory staff within the limits of Corporation land, if available.

The land used by the Contractor for his staff and labour colony shall be handed over back to the Corporation within three months after the physical completion of work or termination of the contract whichever is earlier duly cleared and fairly brought to the original condition. No structures or constructions shall be left on the land at the time of vacating it without the specific approval of the Engineer-in-charge. The Contractor shall prepare and submit his proposed plan of colony layout and get it approved from the Engineer-in-charge before establishing any colony either for the labourers or for the supervisory staff. The contractor shall have to construct and maintain all access and approach roads etc. in his colony areas at his own cost. Any modification, changes and alterations suggested by the Engineer-in-charge in respect of area of colony, layout of roads etc. will be binding on the Contractor and shall have to be done at his cost.

**1.4.1 SANITATION AND UP-KEEP OF COLONY:**

The contractor shall be responsible for maintaining satisfactory water supply and sanitary facilities in his labour camp and for his other staff. He will take precautions not to allow any unhealthy and insanitary conditions in his camp. The Engineer-in-charge shall have the right to inspect the Contractors colonies at any time and to suggest improvement, modifications etc. with special regards to cleanliness and sanitation. Sullage water and garbage disposal , any other nuisance, and proper layout, which shall be binding on the Contractor.

The Contractor shall provide adequate number of portable chemical closets for use and urinals and water closets, and make proper lighting and scavenging arrangements to the satisfaction of Engineer-in-charge. Separate arrangements should be made for female labour.

#### **1.4.2 CAMP REGULATIONS:**

The contractor shall be responsible for maintaining law and order in his camp and on his work and to that end shall employ such officers. Watchmen labour etc. as required. Unauthorized and undesirable person shall be expelled from the camp and from the works. If in the opinion of Engineer-in-charge any employee or agent of the Contractor misbehaves or causes obstruction in proper execution or agent of the Contractor misbehaves or causes obstruction in proper execution of work of otherwise makes himself undesirable, the Contractor shall on receipt of instructions from the Engineer-in-charge remove him from premises.

#### **MEDICAL AID:**

The Contractor shall arrange all the necessary medical facilities for his staff and labour at his own cost and to the satisfaction of the Engineer-in-charge.

#### **GENERAL :**

The cost of sanitation and supply of drinking water is deemed to have been included in the unit rates of items of work.

#### **1.5.0 MATERIALS :**

##### **1.5.1 PETROL, OIL AND LUBRICANTS :**

The Contractor shall have to install his own supply for petrol and diesel at the site. The location of pumps shall have to be got approved from the Engineer-in-charge and usual precautions which are necessary, for such installation will have to be taken.

##### **1.5.2 STONE FOR RUBBLE MASONRY AND FOR METAL :**

The Contractor shall make his own investigation regarding locations of quarries, quality of stone and adequacy of the various sources of stone in quarry areas known to him. Excavated material of hard rock excavation has been dumped on the canal site. Contractor can make use of this material. Material has to be sorted out by Contractor at his cost and should be get approved from the Engineer-in-charge before its

**Contractor**

**No. of Corrections**

**Executive Engineer**

use in the work. However it is for Contractor to investigate the quarries which will yield stone in sufficient quantities and of required quality. Overburden on quarry shall have to be removed by the Contractor at his own cost.

The locations of quarries have to be such that they do not affect permanent structures and should not be near the existing or proposed habitations. The location and size of the quarries shall be subject to the approval of the Engineer-in-charge. However, if a quarry location, approved by the Engineer-in-charge, on its opening does not yield adequate or suitable stone, no claims can be raised against the Corporation. In that case other quarries will have to be established by the Contractor at his own cost and risk and the stone got approved from the Corporation for its quality before using it in the work.

If the quarries located are in private properties, the Contractor shall negotiate with the respective owners and shall attend to legal rights and attend to payments etc. to the concerned parties for operation of these quarries at his own cost. Similarly, he shall make arrangement for roads leading to and from the stone quarries to the work site at his own cost.

### **1.5.3 SAND :**

The Contractor is advised to make his own inquiries regarding adequacy, proper quality and cost of sand, approaches to quarries etc. The sand quarry to be used and any change in location shall have prior approval of the Engineer-in-charge.

The Contractor shall however, obtain permission from Revenue and the other authorities before removing the material and shall pay royalty and other taxes, Octroi duty, escort fee, if any, for sand which shall not be reimbursed. The Contractor shall have to make his own inquiries regarding legal rights and attend to the aspect of payments due etc. for the operation of the quarries.

The extent of annual replenishment of the sand sources is unknown. The Contractor may, therefore choose to collect the sand in advance of its use for the work.

The contractor shall make his own arrangements for quarrying and transport of sand from the quarries to the work site. Approach roads to the quarries shall also be constructed and maintained by the Contractor at his own cost.

All the cost of transport of sand shall be borne by the Contractor and no claims on this account will be entertained.

Use of crushed sand conforming to the required gradation and specifications can be permitted with specific approval of the Engineer-in-charge.

### **1.6.0 PRECAUTIONS DURING THE FLOODS:**

It shall be the responsibility of the Contractor to preserve and maintain in safe condition all materials, machinery and tools from floods and rain and no compensation whatsoever will be payable to him on account of loss due to floods, rain and any other causes.

### **1.7.0 CONTRACT DRAWING, WORKING DRAWING AND SPECIFICATIONS:**

Contractor

No. of Corrections

Executive Engineer

On acceptance of the tender, sets of copies of contract conditions and drawings to a maximum of three, will be supplied to the Contractor free of charge. On request by the Contractor and in the discretion of the Engineer-in-charge, the Contractor may be supplied additional copies of contract documents and drawing to be charged at the rate of Rs.1500/- (Rs. One thousand five hundred only) per set.

The drawings which from part of this contract, show the work to be done in such details as is possible to do for the present. They will be supplemented or superseded by such additional detailed working drawings as may be necessary as the work progresses. The Contractor shall carry out the work in accordance with these additional or revised working drawings, as the case may be and at the applicable rates as per the contract. The Contractor shall be supplied a maximum number of four copies of each of all such working drawings free of charge.

Should the contractor require any additional copy for his use the same may be supplied at the discretion of the Engineer-in-charge and the Contractor will be charged Rs.100/- (Rupees One Hundred only) for each of additional copy of each drawing.

The Contractor shall check all drawings carefully and advise the Engineer-in-charge immediately of any errors or omissions discovered. The Contractor shall not take advantage of any kind of errors or omissions in the drawings supplied.

#### **1.8.0 EMBEDDED ITEMS :**

Before placing concrete and / or masonry care shall be taken to see that all embedded items are firmly and securely fastened in place as indicated on the drawings or as directed. All embedded items shall be cleaned free from all foreign matter such as scale, rust, oil paint etc. The contractor shall be responsible for correctly embedding the parts as directed without any charge, the cost of such embedding being deemed to have been included in the item of concrete and/or masonry as the case may be, No extra payment will be made for the installations of this embedded work or for delays, or for interruptions arising therefrom.

#### **1.9.0 SIGNING THE FIELD BOOKS, LONGITUDINAL SECTIONS, CROSS SECTIONS AND MEASUREMENT BOOKS :**

Before starting the work for intermediate payments and at the end before the work is covered, levels for plotting the longitudinal section ( along the axis as decided by the Engineer-in-charge or his authorised representative ) and cross sections of the portion of the work shall be taken by the authorised engineer of the Contractor in the presence of Engineer-in-charge or his duly authorised representative. The contractor or his authorised engineer shall have to sign the field books and plans showing longitudinal sections and cross sections of the portion of the work in token of acceptance. If the contractor fails to

**Contractor**

**No. of Corrections**

**Executive Engineer**

sign them, the levels recorded by the Engineer-in-charge or his representative in the authorised books shall be final and binding on the Contractor. If the Contractor or his dulyauthorised agent fails to attend, the levels shall be taken in his absence and such levels andlongitudinal sections and cross section based thereon shall be final and binding on the Contractor. The levels will be taken on such alignments and cross sections as will be useful for reference permanently and will be in harmony with the mode of the measurements for payments as described under Specifications. The point locations for the levels will dependupon the raggedness of the area and will also be at least in conformity with the requirements of Specifications.

#### **1.10.0 CEMENT AND STEEL SUPPLIED BY CORPORATION :**

No material will be issued by the Corporation on Schedule 'A'. The Contractor is responsible for all materials including cement, steel, explosives, hume pipes etc. Howeverfor the works for which the estimated cost put to tender is less than Rs. 100 lakhs cement and steel will be supplied by the Corporation as shown in Schedule 'A'.

#### **1.10.1 CEMENT PROCURED BY CONTRACTOR :**

A) The Contractor shall procure Cement 43 grade conforming to IS 269 of 1976 from recognized manufacturers such as Ambuja, Ultratech, A.C.C., Birla Super, Birla Shakti, J. K. Cement, Dalmiya, Vasovdatta, Coromandal King etc. as per Para 14 of Special Conditions of Contract in standard packing of 50 kg. per bag from the authorized manufacturers. The Contractor shall make necessary arrangement at his own cost to the satisfaction of Engineer-in-charge for actual weighment of random sample from the available stock and shall conform with the specifications laid down by the Bureau of Indian Standards ( vide their SPECIFICATIONS NO. IS 43 grade) or higher in quality as per para 17.0.2 Cement shall be got tested in the laboratory under Quality Control Circle, Pune. In case of any dispute about the results, the cement shall be tested in

M.E.R.I. Nashik where decision will be final. The cement bags brought and kept at site godown shall be tested for all the tests as directed by the Engineer-in-charge at least one month in advance before actual use of cement.

Cement brought on site shall be as fresh as possible to the satisfaction of the Engineer- in-charge. The old stock, if rejected, shall be immediately removed from the site at the Contractor's cost.

Cement bags required for testing shall be supplied by the Contractor free of cost. However the testing charges for cement will be borne by the employer. If the tests prove unsatisfactory then the charges will be borne by the Contractor.

B) The use of admixtures and agents shall be made by the contractor at his cost as per instructions of the Engineer-in-charge. The cost of cartage / storing / handling / batching / mixing shall be borne by the Contractor and shall be included by them in unit prices tendered for concrete.

**Contractor**

**No. of Corrections**

**Executive Engineer**

- C) The contractor should maintain throughout the tenure of the work adequate stock of the cement (min. 30 days requirement) so as to ensure that, at no time, work is stopped for want of cement. At the same time, no cement of age older than 60 days from the date of dispatch from the manufacturing unit shall be used on the work. No cement shall be removed from the site without the permission of the Engineer-in-charge.

The Contractor shall forthwith remove from the works area any cement that the Engineer-in-charge may disallow for use on account of failure to meet with the required quality and standard. Cement stock of ONE month's requirement shall be kept on site at least one month in advance. Samples for testing of the cement brought to the site shall be given free of cost by the contractor, as and when required.

- D) The contractor will have to construct sheds for storing cement having capacity not less than the cement required for 90 days use at approved locations along the canal. The Engineer-in-charge or his representative shall have free access to such stores at all time.
- E) The contractor shall further, at all times satisfy the Engineer-in-charge on demand by production of records and books or by submission of returns and other proofs as directed, that the cement is being used as tested and approved by the Engineer-in-charge for the purpose and the Contractor shall at all times keep his records up-to-date to enable the Engineer-in-charge to apply such checks as he may desire.

#### **1.11.0 STEEL: ( Procured by Contractor )**

- A) The Contractor shall procure steel from the market. The Contractor shall make necessary arrangement at his own cost for sample from the available stock and shall conform with the specifications laid down by the Bureau of Indian Standards ( vide their specification Nos. I.S. 432 (Part I) of 1966. 1786-1979).
- B) The Contractor should store the steel of 60 days requirement at least one month in advance.
- C) The Contractor will have to construct sheds for storing steel having capacity not less than the steel required for 90 days use at approved locations along the canal. The Engineer-in-charge or his representative shall have free access to such stores at all times.
- D) The Contractor shall further, at all times satisfy the Engineer-in-charge on demand, by production of records and books or by submission of returns and other proofs as directed that the steel is being used as tested and approved by the Engineer-in-charge for the purpose and the

## KONKAN IRRIGATION DEVELOPMENT CORPORATION

contractor shall at all times keep his records up-to-date to enable the Engineer-in-charge to apply such checks as he may desire.

- E) Local Contractors shall procure the steel from main producer such as SAILS, TISCO, ISCO. Re-rolled steel will not be acceptable. They should bring the test certificate of steel procured by them from the manufacturers.
- F) The Steel procured should conform to standard specification of Bureau Indian Standards I.S.No. 1786 of 1979 for Tor Steel and I.S. 432 of 1966 for mild steel.
- G) Steel samples required for testing shall be supplied by Contractor free of cost. However the testing charge for steel will be borne by the employer. If the test proves unsatisfactory then the charges will be borne by the Contractor.

**1.12.0 ROYALTIES :**

The Contractor shall arrange for the materials from approved quarries. It is necessary for the Contractor to obtain permission from Revenue Authorities or other relevant authorities before removing the materials, pay royalties etc.

**1.13.0 PAYMENT :**

- 1.13.1** Generally, the Corporation will pay one running bills in a month provided that the contractor submit his bills. The recoveries for various advances shall be affected from these bills. The total recovery on all accounts shall be limited to 50 percent (Fifty percent) of the gross bill and the balance if any, shall be recovered from the succeeding monthly bills.

**1.14.0 NO INTEREST ON MONEY DUE TO THE CONTRACTOR :**

No omission by the Engineer-in-charge to pay the amount due upon measurements or otherwise shall vitiate or make void, the contractor, nor shall contractor be entitled to get interest on any guarantee bond or payment in arrears nor on any balance which may, on the final settlement of his account be found due to him.

- 1.15.0** If due to difficulties in land acquisition, land does not become available, the same cannot be handed over to the Contractor. In such a situation the Contractor shall not be entitled to any claim. If the lands do not become available upto 50 percent of the time limit of the tender, the execution of the quantities of works under various items pertaining to such, lengths shall be optional.

**1.17.0 HANDING OVER OF COMPLETED REACHES AND LETTING OUT WATERFOR IRRIGATION :**

- 1.17.1** On the request of the Contractor the continuous completed reaches of Distributory and Minors including Sub-Minors would be taken over by the Corporation provided if it fulfils the conditions specified below:
- 1.17.2** The term "completed" under 1.17.1 above should be deemed to be inclusive of structures and selective lining and ready to receive flow of water for irrigation.
- i) The unit for taking over of Distributory will be in stages with a completed minimum length of not less than 500 Mtr. only at a stretch from head reach (or starting point of contract length) and continuous in length.
  - ii) The unit for taking over of completed Minors and Sub-Minors will be one complete Minor withits Sun-Minors from Head reaches (or starting point of contract length) taking off from

Contractor

completed distributory lengths as described in sub-para (i) above Reaches of canal in continuous length as specified in

(i) and (ii) above may be taken over by recording final measurements. In case silting of canal takes place or scouring damages due to the flow of rain water/flood water entered through incomplete reaches, it would be the responsibility of the Contractor to rectify it,

- 1.17.3** Water is likely to be let out in Distributory and Minors including Sub-Minors in the completed reaches handed over to the Corporation for Irrigation purpose. However in reaches not handed over to the Corporation maintenance liability of the contractor would continue to be for the entire period of contract with maintenance period of Six months after completion, while for reaches handed over the maintenance period of Six months would commence from the date of taking over by the Corporation irrespective of whether water is let out for Irrigation or not.
- 1.17.4** Water is available free of cost for use on works when water is let out in the Distributory/Minor for irrigation purpose. However, during closure periods the Contractor has to make his own arrangements for storage of water for use in works. In case Distributory /Minors are closed for intervals the Contractor has to make his own arrangement of water at his cost. No claim of any kind will be entertained on this account.
- 1.18.0** The measurements for the work shall be taken by authorised representative of Engineer-in-charge in presence of the contractor or his authorised representative. The contractor shall sign such recorded measurements in token of acceptance. This para is applicable to all items.

## DRAWING'S

### Contract Drawings:

The contract drawing provided for tendering purpose with the tender documents shall be used as a reference only. Contractor should visualize the nature of type of work contemplated and to ensure that the rates and price quoted by him in the bill of quantities take due consideration of the complexities of work involved during actual execution/const'uction as experienced contractors in the field.

The tendered rates/price for the work shall be deemed to include the cost of preparation, supply and delivery of all necessary drawings, prints, tracing and negative which the contractor is required to provide in accordance with the contract.

If there is a change in a foundation level during the construction of the canal structures, it will be the responsibility of the contractor to prepare revised drawing according to the changes foundation level before starts the concerting work. Also follow the instruction given by the Engineer in Charge regarding preparation of revised drawing at the contractor's own cost.

### Documentation:

If so ordered by the Engineer in

charge the contractor will prepare drawings of the work as constructed and will supply original and three copies to the Engineer who will verify and certify these drawings. Final as constructed drawing shall then be prepared by the contractor and supplied in triplicate to the engineer for record and reference purpose at the contractor's cost.
