Section I : Background

The total geographical area of Jharkhand state is 79.72 lakh ha. and cultivable land for agriculture is approximately 38 lakh ha. The climate is dry with low moisture. The soil is acidic in nature and irrigation facilities are inadequate. Only 12% in Kharif season and 6-8% area in Rabi season is irrigated. The average annual rainfall of the state is 1280mm but 80% of it is received in a span of 100 days during monsoon. The main crops of Jharkhand state are paddy, maize, wheat, pulses, oilseeds, potato and vegetables.

Jharkhand is a rural state and 70% of the population is dependent mainly on agriculture. According to the 55th round of National Sample Survey Organization (NSSO), 10.46% of all households in Jharkhand faces seasonal food insecurity and 2.5% of the households face chronic food shortage. In view of the fact, that the area under cultivation is unlikely to increase significantly, thrust will have to be on raising productivity per unit of cultivated land.

Seed is the basic input on which the performance of other input factors depend. "Seed" is the basic input for increasing the productivity and production of the crops in the state. In order to empower the farmers, government provides certified seeds to farmers at subsidized rates in order to meet the local seed requirement. The government endeavours to undertake timely supply of seeds to the farmers in order to achieve better seed replacement rate. Food security depends on the seed security of the farming community ensure supply of high quality subsidised seeds will improve the efficiency of farm management and ensure high quality output.

Section II : Objective & Scope of Work

Scope of work includes an indicative list of works which the empanelment of seed supplying agency would be subjected to during the period of empanelment for Rabi crop 2022-23.

- The empanelled seed supplying agency would be required to timely distribute quality certified seeds to the farmers with the help of their dealer network.
- The quality of certified seed provided by the empanelled seed agency should be as per the Seed Act, 1966.
- The empanelled seed supplying agency would be required to provide same variety of seed as required by the state.
- The empanelled seed supplying agency would be required to provide quality certified seed throughout Jharkhand as per the direction of the department.
- The rates of varieties shall remain valid up to 31.03.2023.
